

DELEGATES STUNNED BY U.S. PROPOSALS

CONCRETE PROPOSAL IS PUT BEFORE MEETING BY SECRETARY HUGHES

PROVIDES FOR TEN YEAR NAVAL HOLIDAY

Are More Drastic and Far Reaching Than Most Ardent Disarmament Advocates Dare Hope For—Would Call for Scrapping Many Capital Ships—Comment Favorable

WASHINGTON, Nov. 12.—More drastic and far reaching than the most ardent advocate of disarmament dared to hope, America's proposals were laid before the arms conference today at its first session by Secretary Hughes. A ten year naval holiday, is the proposal in short and the United States, Great Britain and Japan shall scrap sixty six capital ships aggregating 1,878,043 tons. Within three months after the conclusion of an agreement the United would have 18 capital ships; Great Britain 22, and Japan 10. The tonnage of the three nations respectively, under such a plan would be 500,650, 604,450, and 299,700. Ships when twenty years old might be replaced under the plan and the replacement scheme is 500,000 tons for the United States, 500,000 tons for Great Britain and 300,000 tons for Japan. No replacement ship could exceed 35,000 tons.

LONDON PRESS IN COMMENT ON PROPOSALS

Scrapping of Capital Ships Creates Sensation

LONDON, Nov. 12.—The American suggestion at the Washington conference of a ten year naval holiday came as a complete surprise to the people of this country. The program for the whole scrapping of capital ships created an enormous sensation. The Weekly Dispatch quotes four British experts as favoring the Washington proposals. Among these John Robert Clynes, former food controller and labor member of parliament is quoted as saying: "The proposals are good, but limitations upon such a basis are purely arbitrary; they do not rise to the height of the spirit which dominates the conference." The Sunday Express hails Armistice week, as a "week of moral wonders," and says: "The dawn was breaking on the long night of Ireland and the soul of the British nation bowed itself in prayer for the peace of the whole world. Saturday crowned a week of miracles with the supreme miracle of Washington. Never in the history of mankind has the world been nearer its dream of brotherhood. Surely there is something not ourselves shaping the whole world and leading it to the light."

BORAH PRAISES AMERICAN PROGRAM

NEW YORK, Nov. 12.—The American program presented at the arms conference was praised tonight by Senator Borah as the first great triumph of open diplomacy. "I have only the most sincere praise for the manner in which Secretary Hughes has gone about the business of the conference," the senator said. "His open presentation of his program marks an epoch in the history of international relations. It is the first great triumph of open diplomacy. To close the doors now or at any time in the future seems incredible."

The United States would scrap thirty capital ships aggregating 843,740 tons. Great Britain 19, aggregating 533,375 tons, and Japan 17, aggregating 448,928 tons. The figures include old ships to be scrapped, ships building, or for which material has been assembled. Characterized by Baron Kato, the chief Japanese delegate as "very far-reaching," but probably suitable as a basis for discussion and by Mr. Balfour, head of the British delegation as a statesmanlike utterance, pregnant with infinite possibilities and most hopeful of satisfactory results, the American proposal, concrete and detailed, fell on the opening moments of the great conference like a bombshell.

Delegates Are Stunned The foreign delegates were stunned. No other word describes their feelings. The principal features of the American plan proposed: That for not less than ten years, competitive naval building cease as between Great Britain, the United States and Japan. That all capital ships building or planned be scrapped and a few recently placed in the water be destroyed within three months of ratification of the agreement. That the older ships of each fleet also be destroyed reducing the British force to 22 battleships, the American to 18 and the Japanese to 10, each ship to be retained being specifically named. That during the agreement no capital craft be laid down except under a detailed replacement scheme included in the proposal which would provide for ultimate equality of the British and American fleets and for a Japanese force at sixty per cent of the strength of either of the other two. That all other naval craft be similarly provided for in the same ratio, specific figures for aggregate tonnage in each class being laid down. That naval aircraft be disregarded in the scaling down process as a problem incapable of solution owing to the convertibility of commercial aircraft for war purposes. That no naval building of any character be undertaken in any of the three countries on foreign account during the life of the agreement. That no capital ships hereafter laid down exceed 35,000 tons. That the life of a battleship shall be fixed at twenty years and that ships to be replaced be destroyed before the replacement vessel is more than three months past completion. No Replacement for Ten Years That no battleships replacement whatever be undertaken for ten years from date of the agreement. That no combat craft be acquired except by construction and none be so disposed of that it might become part of another navy. That regulations to govern conversion of merchant craft for war purposes be drawn up, because of the importance of the merchant marine "in inverse ratio to the size of naval armaments."

Those are the outstanding features of the sweeping challenge (Continued on Page Four.)

MARSHAL FOCH IS NOW FULL FLEGGED SON OF OLD ELI

Receives Degree of Doctor of Laws from University

NEW HAVEN, Conn., Nov. 12.—The name of Ferdinand Foch, Marshal of France, was inscribed today with the Sons of Yale upon the roll which bears those of George Washington and General Lafayette, soldier and statesman, and General DeRochembeau, who was also a marshal of France. Marshal Foch received the honorary degree of doctor of laws at a special convocation of the Fellows of Yale University and later, as the all-day guest of the University he saw other sons of the same Alma Mater battle to victory against Princeton. "It was interesting and exciting, every moment of it. I have seen football in France, but never before such an exciting contest as the one today. Football is an ideal game for young men because it requires excellent discipline, quick thinking and physical strength."

IMPORTANT STEP TAKEN TO FREE ARTHUR BURCH

Defendant's Attorneys Take Depositions in Chicago

CHICAGO, Nov. 12.—An important phase in the legal activities to free Arthur Burch, jointly accused with Madalynne Obenchain of murdering J. Belton Kennedy, Los Angeles broker, began here today with the arrival of Paul Schenck, Los Angeles attorney and Burch's chief counsel and Asa Keyes, deputy district attorney. Depositions of a list of persons acquainted with Burch are to be taken beginning Monday, Mr. Schenck said. Among those to be interviewed, Mr. Schenck said, were Allie Quayle Burch, divorced wife of the defendant, and her father, Bishop W. A. Quayle and Burch's mother, Mrs. Dora M. Burch.

TWO PINNED UNDER AUTO AND DROWNED DECATUR, Ill., Nov. 12.—Dr. C. V. Eads, fifty, and Edgar Sharp, seventeen, both of Arthur, Ill., were drowned when pinned under their car which overturned in a ditch near here this afternoon. The driver of the car failed to notice a bridge as he turned out to let another car pass.

SINN FEINN PRISONERS ESCAPE FROM PRISON DUBLIN, Nov. 12.—Fifteen Sinn Fein prisoners under sentence escaped from Mount Joy prison tonight. The men got away in a fight in which revolvers were used.

UNITED BUDGET

November 13-20

The Work of United Budget Organizations

TO MOTHER the motherless, to father the fatherless, to feed the hungry and to clothe the naked; to care for those who are unable to care for themselves; to lend a helping hand to the weak; to bring the glow of health to pallid cheeks of anemic children; to bring the shut-ins into the blessed sunshine; to provide nurseries and homes for children of all races, colors and creeds; to supervise or to eliminate places and conditions that breed delinquency; to give needed assistance to mentally deficient school children; to direct the physical, religious and educational activities of boys; to furnish legal aid, medical care, nursing and guidance to those who cannot furnish these things for themselves; to reclaim the fallen and to prevent the erring from sinking deeper; to combat Tuberculosis and to conduct clinics for the care of men, women and children; to supply ice in the summer and coal in the winter to those who feel the pinch of poverty; to improve the conditions of working girls and make American citizens of immigrants; to co-operate with the government in giving aid to ex-service men; to give relief to people of the Near East,—this is the function of the organizations represented in the United Budget Campaign. It is to this work that we invite your attention and solicit your support.

JAP DELEGATES ARE PLEASED WITH HUGHES PROGRAM

Baron Kato Says it is Most Complete and Logical

WASHINGTON, Nov. 12.—Japan's delegation to the armament limitation conference is prepared to reach an agreement on naval limitation independently of the question of naval bases in the Pacific or settlement of far eastern political problems also to be discussed in Washington, Admiral Baron Kato, heading the Japanese group said tonight. In making this statement he amplified an earlier expression that the American proposals were far-reaching, but probably formed a suitable basis for conference discussion of the strictly naval phases of the agenda. The American plan has been turned over to his naval experts here by Baron Kato. Pending their study and report he said he could not say definitely how his delegation would view the specific proposals it contained. With that report in hand, however, the baron said he expected soon to be prepared to make a definite answer. Stating his own impressions as to Mr. Hughes' proposals, the baron declared they were the "most complete and logical" suggestions for limitation of naval forces he had heard. He was in favor of the general principles stated by Mr. Hughes, he added, and could say that Japan was prepared to carry out the desire contained in the proposals to any extent possible.

MORE CANDIDATES FOR CON CON JOBS

SPRINGFIELD, Ill., Nov. 12.—Francis M. Quinn, democrat, of Vandalia in the fourth district, and B. H. Pinell, republican of Kansas, in the twenty-second district, today filed petitions as candidates for delegate to the constitutional convention. Tomorrow is the last day for candidates to file for the special primary December 23. None have filed from the second (Chicago) district, one of the six districts in which vacancies have occurred.

FORD-NEWBERRY CASE TO COME UP

Washington, Nov. 12.—The Ford-Newberry senatorial election contest from Michigan will be taken up in the senate early next week, probably Tuesday, under an arrangement completed today between Republican and Democratic leaders. Three or four days of debate is predicted. Republican leaders claim a majority sufficient to reject Senator Newberry whose seat is contested by Mr. Ford. Senator Newberry was said to be planning to speak in his own defense.

ASK THAT AGREEMENT BE NOT MODIFIED

CHICAGO, Nov. 12.—The Western Cannery's association today passed a resolution at its convention here asking that there be no modification of the consent agreement, by which the big meat packers discontinued the handling of canned food and groceries. Canned meats are excepted.

SMALL CASE MAY COME TO EARLY TRIAL, IS BELIEVED

Mortimer Furnished with Copies of Small Motions

WAUKEGAN, Ill., Nov. 12.—Copies of the motions which attorneys for Governor Small will make to Judge Claire C. Edwards in the Lake county circuit court here December 5 will, by agreement be furnished to State's Attorney Mortimer on November 25. These motions, it is confidently believed will be to quash the indictment and conspiracy indictments against the governor and his co-defendant, Vernon Curtis. Prospects of an immediate trial, if the motions are overruled, were indicated tonight. Edward Pres, first assistant to State's Attorney Mortimer said the prosecution would be prepared to proceed to trial and in response to a question by Judge Edwards, Werner W. Schroeder, one of the governor's attorneys said the defense would be ready if it lost its motion to "throw the case out of court."

SHOOT TO KILL IS ORDER DENBY GIVES MARINES

Must Be No Compromise in This Battle With Bandits

WASHINGTON, Nov. 12.—To one thousand marines detailed today from Quantico, Va., to guard the mails, Secretary Denby sent the following message: "There is no compromise in this battle with bandits. If two marines, guarding a mail car for example, are suddenly covered by a robber, neither must hold up his hands, but both must begin shooting at once. One may be killed but the other will get the robber and save the mail. When our men go as guards over the mail, that mail must be delivered or there must be a marine dead at the post of duty. "You must be brave, as you always are. You must be constantly alert and you must when on guard duty, keep your weapons in hand and if attacked, shoot and shoot to kill."

BANDITS GET \$7,600 IN CASH

ALTON, Ill., Nov. 12.—A check up tonight showed that the five highwaymen, who today held up the Illinois State bank at East Alton, near here, carried away \$7,600 in cash, according to H. V. Green, cashier of the bank. No trace has been found of the highwaymen who escaped in an automobile. Milton Lorton assistant cashier of the bank, resisted one of the robbers and was beaten on the head.

CONFEDERATE DAUGHTERS CONVENTION CLOSING

St. Louis, Mo., Nov. 12.—The five day national convention of the United Daughters of the Confederacy ended here tonight following the installment of Mrs. Livingston Rowe Schuyler of New York as president-general and of the other officers chosen for the year. Adoption of plans furthering the perpetuation of the old south, providing for the erection of monuments and extending the organization's constructive work was the chief subject of today's session.

WOULD REORGANIZE LEATHER COMPANY

Boston, Nov. 12.—A proposal to re-organize the financial structure of the National Leather company was announced by President George U. Swift here today. Because of inventory losses it was stated, the company needs additional capital which is to be obtained by the issuance of \$15,000,000 of preferred stock, par value \$100 a share. At the same time the common stock will be redeemed by cancellation of 2,250 shares.

PETITION FOR WRIT OF HABEAS CORPUS

Los Angeles, Cal., Nov. 12.—A petition for a writ of habeas corpus directing Superior Judge Sidney N. Keene to grant immediate trial of dismissal the indictment against Miss Madalynne Obenchain, charged with the murder of J. Belton Kennedy will be taken to the state supreme court. The appellate court denied the petition today without comment.

OFFICIAL COMMENT ON PROPOSALS IS MOST FAVORABLE

Both Republicans and Democrats Pay Secretary Hughes High Compliment for Manner in Which Proposals Were Drawn—Senator Moses Fears We Have Been too Generous

WASHINGTON, Nov. 12.—General and enthusiastic commendation was given by members of congress to the American plan for limitation of naval armament. Leaders of both parties joined in expressions of approval. "I feel that the program, a wonderful ideal, is destined for success," said Senator Page, Republican, Vermont, chairman of the senate and naval committee. Ordinarily it might be difficult to attain, but with feeling of all peoples of the world as it is, "I feel sure that the program, a feasible, practical and liberal one from the American and also other points of view, will be translated into an agreement." Similar views were expressed by Hitchcock, Democrat, Nebraska, ranking minority member of the senate foreign relations committee. "The boldness and candor of Secretary Hughes' proposals captured everybody," said Mr. Hitchcock. "The program is enormous and I believe will be a success. I felt proud that we had such a secretary of state as Mr. Hughes."

NEWSPAPER MAN AWARDED \$12,000 DAMAGES IN SUIT

Suit Grew Out of Legal Action by Vennum

CHAMPAIGN, Ill., Nov. 12.—A jury in the circuit court of Champaign county, presided over by Judge G. B. Sentel of Sullivan returned a verdict at 9 o'clock this morning awarding D. W. Stevick publisher of the Champaign News-Gazette, \$12,000 damages in his suit against Frank B. Vennum, banker and farmer of this city. The case grew out of the action of Vennum who some time ago filed a petition in the federal court at East St. Louis asking that Stevick be declared an involuntary bankrupt. The petition grew out of a disputed claim which Vennum claimed to hold, but who, instead of bringing suit for collection filed a petition in bankruptcy. The publisher appeared before the federal court but neither Vennum nor his counsel put in an appearance. On the showing made, Judge English ruled that Mr. Stevick was perfectly solvent and assessed all costs against Vennum, ordering execution thereon. Stevick then brought suit in the Champaign circuit court charging "malicious prosecution" and asking \$50,000 damages. The case came to trial and Stevick established to the satisfaction of the court and jury that Vennum's petition had been filed because of objections to a story previously published in the News-Gazette and that it had been filed maliciously and without any attempt on the part of Vennum to ascertain the financial standing of the defendant. Vennum was found guilty by the jury and the damages were fixed at \$12,000.

FOUND GUILTY OF FIRST DEGREE MURDER

IRONTON, Mo., Nov. 12.—William Hays of Herkulesum, was found guilty of first degree murder here today, in connection with the shooting of Andrew Deck, a voluntary prohibition informer at Herkulesum in a February. His sentence was fixed at life imprisonment. Hays' conviction is the fourth in connection with the murder. His father, Ernest, and brother, Eugene, and James Steward of St. Louis, are under sentence to be hanged. Otto and Jesse Thomas, not related, both of Festus, are awaiting trial. Deck formerly was a saloon proprietor but had made application for a position as an enforcement officer.

In Missouri Governor Hyde has signed the \$15,000,000 soldiers' bonus bill and has agreed to appoint two ex-service men on the commission for the disbursement of the fund. Certainly Missouri is doing everything that the ex-service men could ask.

Springfield players always come to Jacksonville with the naughty air of city experts condescending to visit a country town. Perhaps that's one reason why many Jacksonville people found so much satisfaction in the defeat of the visitors.

The miners of Illinois have voted to contribute \$90,000 a month to aid the striking miners in Kansas. The size of this contribution doesn't indicate that the miners of this state are in a bad financial way. The action is not a stroke of good policy if the Illinois miners hope to have public sentiment on their side when the struggle over a new wage scale begins with the operators next April.

The Chicago Tribune says that a survey has been made which shows that 4,000 saloons in Chicago are openly selling liquor and without the expense of licenses. It may not have occurred to the Tribune that its own course in so vehemently opposing the provisions of the prohibition amendment both before and after its adoption may have had something to do with this widespread non-observance of the law.

LOOKING FORWARD

TOO FAR
An editorial writer who discusses the present financial situation especially in its relation to farm products, talks about the trend of prices for the next twenty-five years and land values for the next thirty. The average reader who may be interested in the comment and discussion, somehow loses faith in the poise and knowledge of the writer when he recognizes that an effort is being made to tell what the next quarter of a century holds in a financial way for this country and the world.

Such fore knowledge is not given to any man, even if the prophecies are based upon history. Business and financial facts of the last three years have thoroughly discounted pre-war history as furnishing any basis for what is happening now or going to happen in the coming decades.

HELP THE GOOD CAUSE

The United Budget drive is to formally begin tomorrow, when the solicitors will begin the canvass of the territory assigned to them. Certainly if there is anything in carefully laid plans and in merit this campaign will be a success. The period of education has passed and the public has been fully advised as to the needs of the Salvation Army, the Social Service League, the Anti-Tuberculosis, the Red Cross and the Near East Relief. It has been shown that the budget in each case is reasonable and that work which is absolutely necessary and likely to grow more so during winter months cannot be carried out unless the public does its part in the way of contributions.

If you are in doubt about any feature of the campaign or the manner the money is to be apportioned and the uses to be made of it, do not fail to make inquiry of either a United Budget campaign officer or a worker. The plan of the campaign has contemplated telling the public the facts and on this basis urging their support of the worthy efforts.

PARTY RESPONSIBILITY

OR PUBLIC CHAOS?
How can any man in public life, himself the beneficiary of party action thru his very election to office, consistently rejoice in the break-down of party solidarity?

ity? Such an attitude repudiates not only the means of such a public man's attainment of public place, and thus is expressive of ingratitude toward the political party which has promoted him to office, but it repudiates the one method of responsible government in a republic like ours; the alternative is chaos.

There is a personal partisanship, a partnership of individual selfishness and ambition, far narrower and more unworthy than the partisanship of politics based upon tradition, principle and a spirit of cooperation in the development of public policies and programs. The wreckers of political parties in the United States are potential wreckers of responsible government and therefore of the republic itself.

The Republican party deserves the help, in this juncture, of every man in public life who owes his existence as a public official to Republicanism. It must now make a record in legislation and administration, possible only thru the subordination of personal interests to party pledges and common party action, or it will go down to defeat; along with it will go the political ship heap not merely those who have stood by the ship but those who have sought to scuttle it.

Republicans of the rank and file have a right to demand, and do demand, that Republicans in Congress, constituting a responsible majority, pull together, and that minorities, in matters of mere policy, submit to majorities. Undoubtedly rank and file Republicans will be disposed to keep in remembrance every Republican in public life who now seeks to thwart the purposes and nullify the decisions of the party which put him where he is, and upon whose back he was carried to a position of public responsibility.

—The National Republican.

PRAIRIE FARM MAN

LUKES JACKSONVILLE

The editor of the Prairie Farmer, published in Chicago, not long since made a down state trip which took him from his home city clear thru to Cairo. He evidently passed thru Jacksonville and in a brief report of the trip published recently in the Prairie Farmer in rhyme makes reference to Jacksonville. These are the lines from the Prairie Farmer, published under the caption of "The Song of the Lazy Farmer."

"Since we decided that we'd go and travel for a month or so we've got a lot of travel guides and lots of timetables besides. Chicago is the place, sez she, where there is lots of things to see, while I tell her I never at a meal like one at Joliet. They say that you can have some fun a-seeing sights in Bloomington although it don't appeal to me one-half as much as Kankakee. Starved Rock, they say, is quite a place, and Elgin has its motor race and Rockford folks all say you can't afford to miss their big Camp Grant; altho it's being torn down now, they'll show you where the boys ate chow.

"They tell me, on the other han, Decatur has grown to beat the band and any wise man surely will spend half a day in Jacksonville. Then there's Centralia and Cairo, both places where we ought to go, it's hard as thunder to decide where we should take a big joy ride!

REMOVE SHACKS ON SQUARE
Men were busily engaged Saturday in removing the shacks erected largely through the generosity of F. J. Andrews, from which coffee and doughnuts were served to damp and tired marchers Armistice day. The efforts of those who made this treat possible will not soon be forgotten. The huge bags of sand (?) were not heavy to haul away.

Christmas Suggestion. He will want a Braxton Belt. FRANK BYRNS Hat Store.

W. D. Henry made a trip from Woodson to the city yesterday.

AGED WOMAN DIES FROM INJURIES

Miss Julia Delaney Passed Away at Our Savior's Hospital Friday Morning—Was Run Down By Taxi Cab Monday Night.

Mrs. Julia Delaney of 131 West Chambers street, died Friday morning at 5:30 o'clock at Our Savior's hospital as a result of injuries received last Monday night when she was struck by a machine driven by Paul Seymour of 324 North Clay avenue. Mrs. Delaney, who was more than seventy years old, has been under treatment at the hospital ever since the accident.

Her injuries from the accident consisted of a broken leg and several body bruises, but her age made them much more serious than usual. Coroner Charles A. Rose will hold an inquest this afternoon at 2:30 o'clock at O'Donnell's Undertaking parlors.

Mrs. Delaney was born in Ireland and came with her parents to Jacksonville when a child. She leaves one son, Michael Delaney, of Sacramento, Cal., three daughters, Mrs. Mary Bailey, Kansas City, Kan., Mrs. William Joyce, New Jersey, and Mrs. Patrick Doolin, Jacksonville; two sisters, Mrs. Katie Sharp, Philadelphia, Pa., and Mrs. Ellen Richmond, St. Louis; one brother, Edward Carrigan, Jacksonville.

The remains were removed to the undertaking parlors of John H. O'Donnell and prepared for burial. They will be taken to the residence at 131 West Chambers street, and plans for the funeral will be announced later.

FOR SALE HOUSE Possession at once TERMS C. N. PRIEST

CHAPIN

The Chapin Citizenship class, a new organization here with Mrs. F. M. Roberts as chairman, met Thursday night with Mrs. Fred Eilers. There were nine members present. The topic for the evening was: "How Laws Are Made," and was discussed by each member present.

Joseph Stout, R. E. Clark and Otis Johnson were among the Jacksonville visitors Thursday.

Gustav Onken visited with his daughter, Mrs. B. H. Allen in Versailles Thursday.

Armistice Day was passed quietly here. The ringing of the church bells marked the silent period of prayer. The schools, both grade and high, had appropriate exercises. In the evening the Lyceum course was preceded by a patriotic concert by the community high school chorus under the direction of Miss Ina Schaul. This was the first public appearance of the high school chorus and they were enthusiastically received by their audience. The Sorority entertainers were also much enjoyed.

Aldon Allen went to Versailles Friday to hunt ducks with his brother, B. H. Allen.

Mr. and Mrs. Ray Pond and son of Peoria, arrived Thursday for several days' visit with Mr. and Mrs. H. C. Bridgman.

Rev. O. W. Lough, pastor of the M. P. church, is planning to organize a basketball team among the young men and boys of his church.

Mr. and Mrs. B. H. Allen came over from Versailles Saturday evening to spend Sunday at Gustav Onken's.

John Onken went to Peoria Friday for a few days' visit with his daughter, Mrs. O. H. Coultas.

JURY DID NOT AGREE ON WHEEL TAX CASE

The jury which heard the evidence in the suit brought by the city against Joseph Stiles to enforce the collection of wheel tax did not agree and were discharged by Squire C. A. Bayha late Saturday evening.

The case was called for trial Saturday morning. The jury summoned included Oliver Hight, Le Roy Craig, Thomas Bush, William Naylor, Scott Carter and Howard McGhee.

The city was represented by City Attorney Walter Bellatti and the defendant's attorneys were J. O. Priest and Walter W. Wright. It was their contention that the ordinance providing for a wheel tax is invalid and in conflict with the state statutes. Mr. Bellatti maintained that a supreme court decision upheld the authority of the city to pass such a law. Similar cases are pending against John S. Green and James L. McDonald.

A comparatively few residents of the city subject to the wheel tax have refused payment and the city authorities are determined that as a matter of fairness that every effort should be made to bring about a 100 per cent payment.

REV. FLETCHER A BUSY MAN

Rev. E. L. Fletcher is to officiate this morning at Ebenezer and this afternoon at Wesley chapel, the point. In the evening he is to take the train for Detroit, Mich., where he will attend an important meeting of bishops and district superintendents.

TREES FOR VICTORY DRIVE HAVE ARRIVED

Joseph Holm & Sons have received the trees for the Victory drive at Mauvasterre park. All of the holes have been excavated and if good weather prevails the firm expects to have all of the trees set by Tuesday night and the dream of the Service Star league will have come true.

DELIGHTFUL SOCIAL EVENT AT WINCHESTER

Company of Women Entertained at Home of Mrs. D. B. Watt Saturday Afternoon — Other Winchester News of Interest

Winchester, Nov. 12.—Mrs. D. D. Watt, Mrs. William G. Watt and Mrs. Thomas Dugan delightfully entertained a large company of friends Saturday afternoon at the home of Mrs. D. D. Watt, the occasion being in honor of Miss Elsie Edmonson. The program of the afternoon included some musical selections by Mrs. S. G. Smith and Miss Louise Frost and readings given by Mrs. Cunningham and Mrs. Smith, all of which added much to the pleasure of the occasion. There was also a unique contest which afforded much amusement. A delicious luncheon was served during the afternoon.

Among the guests were Mrs. William Babb and Mrs. Fletcher Hopper of Jacksonville and Mrs. Smith of Washington, D. C.

News Notes

Edward Balsley and daughter, Miss Josephine, arrived Friday afternoon from Galesburg to visit relatives and friends here.

Mrs. W. B. Clark entertained a number of little folks Friday afternoon in honor of the fifth birthday of her daughter, Charlotte. The children enjoyed games and contests and delightful refreshments were served before they departed for their homes.

Miss Beatrice Woodall and sister returned home from a visit with relatives in Manchester.

Mr. and Mrs. Joseph Cowhick returned Saturday morning to their home in Mount Sterling. They came to Winchester to be present at the Armistice day celebration.

Chicken pie supper Westminster church Thursday evening, beginning at 5:30 o'clock. Tickets 50 cents.

GOOD CORN HUSKER

A well authenticated story of husking was told the writer Saturday. Samuel Bottoms, working for W. J. Bottoms, rector on R. S. Wood's farm, husked and cribbed 185 bushels of corn in one day and not the longest day either. The truthfulness of this remarkable performance was established from two or three witnesses.

TO OPEN CHILL PARLOR

Charles De Silva has leased from Mrs. Fred Degen, a room on North West street near the court house. A new front is being built and other improvements are to be made before Mr. De Silva opens a chill parlor. The fixtures have been purchased and the new establishment will be opened in the course of two weeks.

SUIT BROUGHT TO SET ASIDE J. H. BRANER WILL

Nephew of Wealthy Deceased Land Owner Declares Uncle Was Not Capable of Making a Will—Document Has Six Codicils

In the circuit court yesterday Charles Smith brought a suit against Ennis Patton, Elias Braner, et al., asking to set aside the will of the late John H. Braner. The complainant is represented by J. O. Priest and the case is to be heard at the February term.

Mr. Smith is a nephew of Mr. Braner, a son of Mrs. Elizabeth Braner Smith, now deceased, who was as sister of Mr. Braner. The complainant sets forth in the bill that his uncle was not of sound mind at the time he made his will and incapable through weakness and old age of properly providing for the distribution of his extensive estate.

It is because of this alleged incompetency that Mr. Smith, who claims to be the only living heir of Mr. Braner, asks that the will be set aside.

Mr. Braner, it may be remembered, left a will drawn originally in November, 1914, naming his friend, John McFadden, as executor. Six codicils were made to the will, each one making an important change in the document, but the provision with reference to Mr. McFadden was not disturbed and following the death of Mr. Braner, the will was filed in the county court and letters of administration were issued to Mr. McFadden, who is now proceeding with the administration of the estate.

The defendants, in addition to those named above, are Oscar Braner, William A. Bridgman, Vina Hogan, Maude Grace Greenwood, Newell Braner, Irena Braner Bert Laughery and John McFadden, as executor.

In the original will as filed Mr. Braner bequeathed two-fifths of his estate to Ennis Patton, one-fifth to Elias Braner, one-fifth to Oscar Braner and one-fifth to William A. Bridgman.

In the first codicil provision was made that Vina Hogan

should receive the one-fifth of Oscar A. Braner. The second codicil changed this legacy from Vina Hogan to Maude Greenwood. Another codicil changed the bequest to Newell Braner. Then a change was made transferring the interest to Irena Braner. In the final codicil the testator sought to change the one fifth interest of Irena Braner to Bert Laughery. It is maintained by the complainant that his uncle was not in fit condition to make the will nor the various codicils.

Miles Standish of the east part of the county traveled to the city yesterday.

Blouse Sale at HERMAN'S

COLONEL PALMER TO SERVE AT ARMAMENT CONFERENCE
Col. John McAuley Palmer has been named by Secretary of State Hughes as a representative of the army at the disarmament conference in Washington. Colonel Palmer, who formerly lived in Springfield, is quite well known here and is a nephew of Mr. and Mrs. T. P. Laning, and a brother of Dr. George T. Palmer, now residing in Springfield. He will serve as a member of the technical staff of thirty-four which is to aid the four principal delegates to the conference on questions of military technique.

J. K. Cunningham was up to the city from Murrayville yesterday.

"Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as you live. The seed of success is not in you."

Majestic Theater
Tom Mix' Latest
Monday and Tuesday

A wild, roaming, hot-tempered character tamed by love—That's Tom Mix—See him ride, see him shoot, see his exceptional stunts, and just see him make love—See

TOM MIX

in

"The Night Horseman"

The story is based on Max Brand's novel, "Wild Geese," and is a sequel to "The Untamed," in which Mix gave extraordinary entertainment in the character of Whistling Dan. In "The Night Horseman" he is again Whistling Dan, that wild-natured man whose love of the wilderness makes him forget love and friends to follow the flight of the wild geese North in spring and South in autumn.

In "The Untamed" Whistling Dan goes away with the wild geese northward on the night before his proposed wedding to

Kate Cumberland. In "The Night Horseman" he returns with his horse Satan and his faithful dog Bart. With him comes his old wild nature, his terrible temper. Fighting men are after his blood, and he is after theirs; but in the end of "The Night Horseman" the realization that he is breaking the hearts of those who love him changes him, and for the first time in his life the wild geese get no response to their "honk, honk" as they fly northward. He turns and goes home with Kate.

There are some big riding scenes in this picture and some bigger human nature thrills.

Admission 20c and 10c Plus War Tax

WEDNESDAY

The Famous Smiling "Stunt" Man

HOOT GIBSON, in

"SURE FIRE"

The story of a vagabond cowpuncher who makes good for The Girl. He cleans out the town Shylock, prevents the married sister of his sweetheart from eloping with a libertine and saves the life of the girl he loves. So there is nothing left for her to do but marry him.

Admission 10c and 5c—Plus War Tax

THURSDAY

Extra Special Feature

BUCK JONES, in

"RIDING WITH DEATH"

Buck Jones, who has won fame on the screen as a star in Western drama, has just been formally christened Charles. He is one of the very few motion picture actors fitted by nature, character and experience to enact the role of a Texas Ranger of the best type. Such is the role that Charles (Buck) Jones assumes in "Riding With Death." Beautiful Betty Francisco plays the feminine lead. This is the dynamic star's first picture filmed under his new given name. Don't miss it.

Admission—All Seats—15c, Plus War Tax

FRIDAY

4TH EPISODE OF

FEEDER CONVINCED THAT TANKAGE IS ESSENTIAL FEED

Olof Nelson, farmer and stockman of Toulon township, Stark county, who has been a hog feeder for years, thought he knew all about feeding hogs, but he was convinced otherwise, according to the bulletin of the Stark County Farm Bureau. E. E. Brown, adviser.

The bulletin tells his story as follows:

"I had a car load of pigs and turned them in the corn field. They kept running all over the field, and getting poorer every day. A friend told me to take them out of the corn field and put them in a dry lot. I did, and then spent about \$100 on hog powders, but they didn't do any good. Then one day I called the farm adviser out to help me to decide which of two boys I should keep, and while he was with me I had him look at the pigs. He asked what I was feeding and told me they ought to have tankage and perhaps worm capsules, too.

"Well, I thought tankage cost too much money and that giving worm capsules was too much work, but I called up Will Jackson and bought five sacks of tankage, and when I got it home gave the pigs a coal bucket full. They climbed all over each other to get it. I went into the house, and when I came back out about two hours later, tankage and trough were both gone. Then I had to come to town the next day and buy lumber to make a new trough. That cost me a lot of money, but when the Shipping association got in the next car of tankage, I went in and got a ton of it.

"I fed the pigs tankage then every day, and they made the biggest daily gain of any hogs I have ever fed, and on about half the usual amount of corn. I topped the market with them at \$10.75 when they weighed about 200 pounds. I had fed thousands of hogs and thought I knew all there was about hog feeding, but I had not fed tankage."

William Thompson of White Hall was a caller in the city yesterday.

WOODSON GIRL IS A NOVEMBER BRIDE

Miss Marie Megginson and Wendell Dugger of Scottville United in Marriage Saturday Evening

The many friends of Miss Marie Megginson, of Woodson, and Wendell Dugger, of Scottville, will be surprised to learn of their marriage, which was solemnized at 5 o'clock Saturday evening. The ceremony was performed by Dr. G. W. Miller, an uncle of the bride, at his home in Woodson, and was witnessed by only a few relatives of the young people.

The bride, who is a daughter of Richard Megginson of this city, has since early childhood made her home with her uncle, Dr. Miller in Woodson. She received her education in the Woodson schools and as a member of the Christian church there has taken an active part in various lines of church work. She is a young woman of charming manner and unusual attainments and it will be a source of regret to her many friends that she is to leave the Woodson community.

The bride wore a dark blue crepe dress with corsage bouquet of white roses.

Mr. Dugger is a son of Mr. and Mrs. Edgar A. Dugger, prominent residents of the Scottville neighborhood. He has for some years been engaged in farming operations and is a young man of fine character and has the esteem of all who know him.

He is a graduate of Whipple academy and attended Illinois college.

Following the ceremony there was a 6 o'clock dinner in the blue room of the Peacock Inn in this city, at which the guests were Mr. and Mrs. Clifford Catlin of Scottville, Miss Marguerite Steinmetz, Martin Lonergan and Richard Megginson of Jacksonville and the bride and groom.

After a brief wedding trip Mr. and Mrs. Dugger will begin their wedded life on a farm near Scottville. They will have the best wishes of their many friends for a happy married life.

FUNERALS

Eisele
The funeral services for Louis D. Eisele, former well known resident of Jacksonville, were held at the family home in New Berlin, yesterday afternoon at 1:30 o'clock.

The decedent was formerly employed here in the city by M. E. Gilbert in his West State street drug store. He left the city to accept a position in Chicago. While there he fell a victim to spinal meningitis, and was in the Garfield hospital of that city for seven weeks. He was then brought home to New Berlin where he was under the care of a trained nurse until the time of his death.

The decedent was twenty-three years of age and is survived by his father, W. D. Eisele, and the following brothers and sisters: Ernest, of Oklahoma; John, of Springfield; Florence, at home, and Mrs. Coulter, of Maroa, Ill. He was a graduate of the New Berlin high school and of Northwestern college of pharmacy, at Evanston. He has a large number of friends in Jacksonville, who will be grieved to hear of his untimely death.

The funeral cortege proceeded from New Berlin to Waverly, where burial was made in the Waverly cemetery.

TOO LATE TO CLASSIFY

Mrs. James A. Zeller and sons of Alexander came to the city last evening to spend Sunday with Mrs. Zeller's parents, Mr. and Mrs. J. J. Luckeman of 1316 West State street.

COLLEGE MEN AND WOMEN MEETING
(By The Associated Press.)
CHICAGO, Nov. 12.—As the conference on limitation of armaments opened in Washington today, hundreds of college men and women from all parts of the United States gathered here to attend the national convocation of colleges and universities on international disarmament which opens tomorrow.

A crystallization of the views of college men and women regarding wars, perpetuation of warlike, accoutrements and means for securing peace is expected to result from the conference. The gathering according to delegates is not a pacifist meeting but a meeting to plan the removal of the needs of war.

DELEGATES STUNNED BY U. S. PROPOSALS
(Continued from Page 1)
Secretary Hughes presented to the other naval powers. There was complete detail covering every phase of the question, but the essence of the proposal lay in this: That the United States offered to go far beyond what she asked Great Britain or Japan to do, viewed from the absolute financial losses involved. The whole American big ship building program is on the stocks while Great Britain has no capital ships under construction and the Japanese "eight and eight" program is as yet largely on paper.

NO MORE MEDALS OF HONOR GIVEN
Washington, Nov. 12.—America's unknown soldier received the last congressional medal of honor and the last distinguished service cross which can be bestowed for deeds performed in the world war, the war department announced today.

The act of congress authorizing the president to make these awards, as well as to bestow the Distinguished Service Medal prescribed in effect, it was explained that the awards must be made within three years of the date of the act justifying the award. The time limit expired yesterday on the third anniversary of the armistice.

The victory medal can still be awarded, it was announced.

DELEGATES TAKE DINNER WITH PRESIDENT
Washington, Nov. 12.—The entire group of delegates to the armament conference were entertained at dinner tonight by President and Mrs. Harding and after-ward there was a reception in the East Room for the delegates, members of their advisory committees and attaches.

The function was the first of a series at which those who are concerned with the conference will be brought together socially. Members of the cabinet, foreign diplomats resident here and various other high officials are expected to continue the round of entertaining throughout the conference.

FORMER WEALTHY MAN DIES POOR
Boise, Idaho, Nov. 12.—Joseph Bengoechea, aged 62 years, four years ago reputed to be the richest man in Idaho, died today of Bright's disease, a poor man. He had invested heavily in sheep and lost all his holdings during the recent slump in prices of sheep and wool.

He built a fine hotel and a bank building in Mountain Home and was interested in a number of inter-mountain city banks and in business interests in Elko, Nevada. He was the pioneer Basque citizen of Idaho having lived in Elmore county 33 years, and was said to have been the means of bringing to Idaho many other Basques financing them in the sheep business. Friends claim his death was hastened by the loss of his fortune.

Asks Divorce

Mrs. Franklyn R. Ardell, wife of the actor, has started suit for divorce, ending a romance that was climaxed by a thrilling rescue at Beechurst, L. I., in 1915. Ardell saved her from drowning when her canoe upset and they were soon married.

EDITOR'S DESK LIKE CROW'S NEST OF SHIP
Is Sort of Watchdog of Public Interest—Looks for Another Hague Tribunal in Hawaii.

HONOLULU.—(By A. P.)—The thought that "this metropolis of the cross-roads of the Pacific may become another Hague Tribunal, triumphant in uniting the nations" was expressed by Joe Mitchell Chapple, editor of the National Magazine of Boston, in an address at the World Press Congress, recently.

"It is fitting," he said, "that the World Press congress, meeting in the mid-waters of an ocean christened because of the placid view it first presented to Balboa on the heights of Darien, should consider the Pacific question in its broadest sense as the great problem of the hour. The European situation involves problems of yesterday. Peace treaties of London, Paris, Vienna, Berlin have in the past accomplished cessation from war, but never have they reached a determination on the limitation of armaments as prevention of bloodshed, nor did they quell the lust for territorial gain and the revenge of racial hatred. Nations now join in the cry for peace. The Orient is being rediscovered. It gives back to the Occident ideals of an ancient civilization which may have suggestions for a future of world happiness.

"Honolulu, one of the fairest monuments to modern civilization may become the friendly meeting place as the 'house by the side of the sea' where new ideals of the friendship of men may flower. The welcome of the World Press Congress expresses ideals of Pan-Pacific unity that are inspiring."

Mr. Chapple likened the editor's chair to the crow's nest of a ship.

"Statesmen rise to imperishable fame or sink into oblivion," he said, "from reckonings determined by the man in the crow's nest. The allusion to the editor in the lookout is not merely a matter of professional praise, for he has often been wrong as well as right.

"There have been men in the crow's nest who served as freebooters. The editorial crow's nest cannot be fouled with its own ambition and lust of power if the happiness of the world is to be attained.

"The American press has ever taken cognizance of the doings of the humblest individual, whether it be John Jones painting his barn, or Sally, the society queen, powdering her nose. A nation of one hundred million humans, distinct as individuals in some way, at some time, come within personal survey of the editor's 'crow's nest.' Newspapers are, in fact, the people. They constitute the very soul of our body politic.

"The editor in the 'crow's nest' may give the warning, but on the deck below, holding a firm hand on the helm, is the master of the ship, a representative of the people in a representative republic. The captain on our ship of state at this time is President Warren G. Harding, backed by the suffrage of a score of millions of voters. He is also honorary president of this congress. As an editor, he has occupied the crow's nest. His glasses have been intensified with a range widened into the scope of world affairs.

"In my modest editorial crow's

GREAT CORDIALITY MARKS OPENING OF THE CONFERENCE
Balfour Pays a High Tribute to Secretary Hughes

(By The Associated Press.)
WASHINGTON, Nov. 12.—Seldom has a conference of nations assembled in an atmosphere of greater cordiality than that which enveloped the opening session of the armament conference. From the moment Secretary Hughes called the conference to order until the last delegate had filed out of the hall the deference everywhere apparent was a notable feature of the proceedings.

Even the astonishment of delegates and spectators at the naval reduction proposal of American government failed to halt the exchange of courtesies or develop any manifestation of doubt that the negotiations would be crowned with success. Arthur J. Balfour, head of the British delegation was the first among the foreign delegates to strike the general note of harmony.

He stirred the whole body of delegates and spectators to prolonged applause when he proposed that as an extraordinary tribute to Secretary Hughes and the United States the secretary of state act as chairman by common consent and without a formal election. Later when the conference apparently had concluded its business the galleries heaped the spirit of good feeling along by calling for one after another of the distinguished foreign delegates until every head of a visiting delegation had made a speech.

CLUSTER PROPOSES TO STAND FIRM
BELFAST, Nov. 12.—John Min Barbour, one of the delegates in London, who returned to Belfast today, assured the people that the northern cabinet was as determined as ever that if the Sinn Fein's allegiance to Great Britain was to be purchased, the "price paid should not consist of the sacrifice of any rights, territorial or administrative, recently conferred upon the northern parliament."

It is perfectly clear, he declared, that if the position of the powers at present reserved to the imperial parliament are to be altered it can be done only by a transfer of similar powers to the northern parliament.

MANY INDICTMENTS ARE RETURNED
Omaha, Neb., Nov. 12.—More than 10 indictments including a charge of conspiracy in connection with the issuing and sale of alleged fraudulent certificates of deposit against H. I. Babcock and Frank Burling, vice president and cashier respectively of the defunct First National bank of Chapelle, Neb., were made public today following a return by a federal grand jury in session since November. The jury was not adjourned.

United States Attorney Kinsler announcing the sale of "Blue Sky" stock was under investigation and that the jury might be called again called again tomorrow to meet again next week.

AUTO DRIVER DIES OF INJURIES
Phoenix, Ariz., Nov. 12.—Omer Toft, died today from injuries received in the fifty mile automobile race at the State Fair grounds when his machine went over an embankment at a curve.

The machine came to rest after the accident. Toft's home was in Los Angeles. His wife was watching the race from the grandstand.

The fatality happened while Toft was in the twenty-fourth mile of the fifty mile race in which Ralph DePalma, Toft, Jimmy Murphy and Tommy Milton had started. DePalma, who led through the race, was declared winner.

PLAN TO COMBAT CUSTOMS FRAUDS
WASHINGTON, Nov. 12.—Steps to combat frauds by bootleggers were taken today by Prohibition Commissioner Haines who ordered all withdrawals of liquor for export stopped unless permits are approved by the federal director of the exporters' state.

"A systematic effort," Mr. Haines said, "appears to be underway to procure alcohol to be used for bootlegging purposes by fraudulent exportation clearances."

There has appeared to me one great anchor of hope. It is woman. Woman's entrance into the real affairs of the world will in my judgment, save the race. The primal instinct of protecting her young and refusing longer to furnish her own flesh and blood to feed the maw of war makes woman a dominant factor in the destiny of nations."

BUGGY SLIGHTLY DAMAGED IN COLLISION SATURDAY EVE
A storm buggy driven by Mrs. John F. Brown, a street car and an automobile came into collision about 6 o'clock Saturday evening near the Economy store on West State street. The street car caught the rear wheel of the buggy and pushed it against the automobile. The fact that the auto and the street car were both under control freed the accident from any serious results.

The axle of the buggy was, however, bent in such a way that its use was somewhat hazardous. Accordingly, Mr. Gray of the Railway & Light Co. secured a closed taxi and sent Mrs. Brown and her two children to their home in Lynnville precinct. Mr. Gray took this action not because of any liability for the happening but as a courtesy to Mrs. Brown who had a long drive in the country to make and a vehicle not in condition to make the trip.

THE CHOSEN PRINCE
See the love and devotion of David and Jonathan, the wicked scheming of Saul, all entwined in a thrilling story in pictures at Westminster church Sunday night at 7:30 p. m. The public is cordially invited.

LORAIN OVEN HEAT REGULATOR

Cooks a whole meal in the oven while you enjoy yourself miles away. This is the enthusiastic praise of the thousands of happy owners of a "LORAIN" equipped gas range.

We actually mean it. Sounds too good to be true, yet it is a fact. "LORAIN" will cook a whole meal in the oven, including soup, roast, vegetables and dessert, without watching, while you are miles away.

And when you return from an afternoon of recreation, the meal is ready for serving at once. You do not have to change your pretty afternoon frock.

The delightful part of this magic contrivance is that the meal is more deliciously cooked than if you had pot-watched it the whole blessed afternoon.

Think—you enjoy this wonderful freedom with its splendid meal and only spend 30 minutes or so in its simple preparation.

About Time and Temperature Baking

"LORAIN" makes your favorite recipes more delicious. It provides that every baking day is the equal of your "luckiest day."

This is because the evenly maintained measured heat gives you always the one best temperature for every baking. Every recipe has its ideal over heat necessary for best results and "LORAIN" enables you to have always that perfect degree.

And it is all so extremely simple—the choice of 44 precise oven heats—as easy as turning a door knob.

WORK SITUATION IS IMPROVING

SPRINGFIELD, Ill.—(By The Associated Press.)—Illinois' employment situation is slowly but steadily improving, according to reports coming in to the department of labor from employment bureaus throughout the state. The last available monthly figures show a substantial increase over the month previous.

With the exception of Aurora, East St. Louis, Joliet and Rockford, the ratio of supply and demand at the month's end decreased during the month. Applications at the bureaus for jobs increased, but more work opened and the number of jobs increased more rapidly than applications were filed with the state agencies.

Chicago led the downstate in the revival. The department bulletin issued by the department says:

"Reports from 647 firms who normally employ about 235,000 persons, show an increase from 184,623 employees to 196,063. The increase has given employment to 11,445 more persons. This improvement is somewhat minimized by the fact that two large firms alone added nearly 10,000 employees, nevertheless a clear upward trend is seen in comparing the number of firms

Harding's Letter

This is Warren Harding Miller, of Brooklyn, and his mother. When President Harding heard about the naming of the child in his honor, he wrote the baby a letter. The president told the child to grow up to be a man worthy of his father, Lieut. Harry Miller of the U. S. Marines.

which increased operations with those which reduced, as 270 firms added to their forces while 248 reduced and 122 made no change. "The report for the building trades in Chicago are is disappointing. The 42 reporting firms had on their rolls 34 per cent fewer employees than on August 31. But early improvement is forecast in the activity of the independent industries. The saw mills, planing mills, brick manufacturers and the manufacturers of cooking, heating and ventilating equipment all report considerable improvement in business.

"The increase in Chicago was 7.9 per cent which was slightly greater than the increase for the entire state, which was 5.84 per cent.

"The city of Rockford had 74 more opportunities for employment than it had the previous month, although the ratio was slightly increased on account of a larger number of persons applying for positions. At Springfield the ratio shows a decrease of 8 and at Bloomington the decrease was 54 for each 10 jobs open. Rockford added 5.4 persons for each 100 employers' orders and at East St. Louis the increase was \$2.2. This city however is contiguous to a large industrial population and the office also serves to some extent the state of Missouri and many persons from St. Louis patronize the office. For the state as a whole the increase in the number of jobs was 1,321 for the month."

Figures from the Chicago of-

fice show that the number of applications for every 100 jobs decreased during the month from 249.5 persons to 217.7. The month's increase in applications was 104 over the previous month, while the number of jobs available was 701 more than the month before.

In the general classification of industries the clothing, millinery, laundering, food, beverage and tobacco businesses showed a decline in the number of employees. Utilities remained practically at a standstill, while the other general classes showed a slight increase in employment.

SEEK CURE FOR SLEEPING SICKNESS

England Will Send An Expedition to Africa for This Purpose

LONDON—(By The A. P.)—An expedition formed by the Tropical Disease Prevention association will soon leave to make the first organized attempt of the spot of the treatment of treatment of sleeping sickness, as distinct from the question of the mere transmission or cause of the disease.

The expedition will be conducted by four physicians and two veterinary scientists and it is expected the work will occupy two and a half years. It is sought to carry out the work in different centers with the sanction and support of the governments interested and it is hoped that it will result in a general system of vaccination whereby all individuals arriving in a danger zone will be inoculated and so gradually rendered immune.

The expedition will first work in Uganda. It will probably proceed later to the Belgian Congo and it is hoped to extend the work to Rhodesia and the Sudan where there is a big epidemic of the disease.

The sleeping sickness has been prevalent among the natives of West Africa for 100 years. It is generally attributed to a parasite carried by a species of the tsetse fly which infects cattle. The disease has caused heavy mortality among the natives of the Congo and Uganda for many years and is greatly dreaded by Europeans in the parts of Africa where it exists. Its origin has been the subject of much medical research.

PROVINCIAL WAR IS ON IN CHINA

PEKING—(By The Associated Press.)—The inter-provincial "war" in the Yangtze valley continues notwithstanding the withdrawal by the Peking government of Wang Chan-yuen, the unpopular high inspecting commissioner of Hupeh and Hunan. The war, which has been going on since the Yangtze valley was invaded by the Chinese, now has a new phase. Now it is autonomy for Hupeh.

Whatever the real motive back of the invasion, it is being effectively opposed by General Wu Pei-fu with his Chihli and Shan-tung troops. Several severe battles have been fought with several thousand casualties all told, and the northerners are reported to have occupied Yo Chow, in Hunan and to have control of the Yangtze. The southerners have retired on Changsha, without attempting to defend Yo Chow.

Both sides appear to be seriously hampered by lack of funds. Wu Pei-fu immediately after his appointment as high commissioner, succeeding Wang Chan-yuen and being charged with the defense of Hupeh, confiscated the revenues from the Pekin-Hankow railway in the district where he was operating and tried to raise a loan from chambers of commerce and guides.

His action brought him into dispute with the people of Hupeh and he appears now to be classed in that province with the general run of militarists. He was formerly, and still is regarded here as an exalted type of military leader whose acts are guided by high patriotism.

On the other hand, the southerners are alleged to have put out a cry for help from Dr. Sun Yat-sen and to be marking time until such help arrives. Traffic on the Yangtze above Hankow is perilous on account of indiscriminate firing by soldiers on all craft, foreign or Chinese.

Formal notice has been sent to all consulates against such navigation and such steamers as continue to move are conveyed as a rule by gunboats, which have occasional brushes with troops on the shore.

The Mongolian camels are very powerful and vicious. Their bite generally induces blood poisoning, and their breath is so poisonous that it is said that no camel driver lives long. Particularly vicious males are marked with a piece of red cloth to warn strangers.

Experiments to determine the angle obtain the maximum degree of safety for those using it have shown that the angle of 75 degrees is the best, whatever the height of the ladder.

Color schemes, suggested by an expert as suitable for prisons, are pink for boy thieves, yellow or orange for convicts guilty of long-premeditated crimes, and violet and black for burglars. All cells should have blue ceilings, and gray should be avoided.

STATISTICS ON ILLINOIS CROPS

Corn Will be About Up to Ten Year Average—Hog Cholera Doing Damage—Winter Wheat Looks Good.

Springfield, Ill.—(By A. P.)—Illinois' corn crop, although generally falling short of high early season expectations, is not likely to fall below the average yield for the past ten years, said S. D. Fessenden, U. S. agricultural statistician.

A great variation in the quality of the yield is noticeable in all sections, even in limited areas, as husking progresses, Mr. Fessenden said. The grain has been badly damaged in some sections by ear worm and mould.

Cholera among hogs in Illinois is being brought under control in many localities, Mr. Fessenden said. Hogs have been rushed to market by farmers fearing cholera and prices have shown a tendency to fall. Other classes of livestock are generally in good health.

In his observations on the crop situation at the beginning of the month Mr. Fessenden said: "Winter wheat is up in all sections, has a good stand and is making an excellent growth so far. Rye is up with a good stand and is growing well. Meadows and pastures are still green and growing. Clover is looking well and a fourth cutting of alfalfa has been made in a few localities."

"Some fruit trees have been reported in bloom in the extreme south of the state. "There is no scarcity of farm labor, though corn huskers have shown some reluctance to work at prices offered."

"Broom corn is now bringing from \$110 to \$125 per ton. The crop is being taken by the manufacturers much more rapidly this year than usual."

VISITS IN CHICAGO
Mrs. E. F. Bullard of No. 3 Duncan Place will go to Chicago tomorrow to visit her daughter, Miss Virginia Bullard, at the Three Arts club, and her son, Edward Bullard, for a week.

Recent experiments have shown that crops can be increased from one and a half to four times by an alteration in the air which the plants breathe. The method is a simple one, and consists of increasing the proportion of carbonic acid in the air.

Japanese is one of the easiest languages of the world to pronounce. Most of the words end in vowels and none of the consonants offers any difficulties.

CIVIL STRIFE IN CHINA MUST CEASE

(By The Associated Press)
PEKING, Nov. 12.—The Tientsin newspaper, Ta Chuan Shang Pao, believes that, with civil strife upsetting the country, China can hope for little benefit from the Pacific Conference.

"The ministry of foreign affairs has just established an investigation bureau for the purpose of gathering materials, records and other documents to be used at the Pacific Conference in connection with China's case," says that paper.

"We believe this can do little toward attaining our object, for so long as China lacks the power essential to success, foreign powers will continue to look upon her and treat her as an inferior; so that even if we have overwhelming evidence at our disposal to support our case, they will never take the trouble to go into it so as to render a decision in our favor. Under such circumstances it would be foolish to expect success."

"The all-important question today is to settle our domestic strife. When peace and order are restored, foreigners in our midst will not suffer from occasional disturbances, and their ministers and government, seeing that China still has the ability to maintain order, will naturally treat us with respect, and the Japanese propaganda that China has not the necessary capacity to protect foreign life and property and that Japan should be appointed guardian over her, will explode by itself."

"If all this can be accomplished before the Pacific Conference, we are not without a ray of hope. If, however, we indulge in continual civil strife between one province and another we are simply furnishing evidence to prove the truth of the Japanese contention."

"For the peace of the Far East and the interests of their nationals foreign powers cannot but approve the internationalization of China and it is perhaps not unlikely that they will charge Japan with the task of overseeing us. When this happens our sovereignty will be completely lost and what favor can be expected from the powers when we set forth all our evidence and records before them to support our case?"

"Let both the people and the government work to avoid this eventuality."

In the last few years platinum has been quoted as high as eight times the value of gold and at the present time it is worth about four times as much.

HUNTERS

The Gun
And the Ammunition
Is Here

We pride ourselves on the fact that no matter what ammunition you need, we have it.

NEWS OF THE SPORT WORLD

JACKSONVILLE H. S. DEFEATS SPRINGFIELD H. S.

LOCALS OUTPLAY AND OUTGAME OPPONENTS

Win from Capital City Lads by Score of 7 to 6—Locals Were Superior in All Departments of the Game—Springfield Scored By Virtue of Blocked Punt in Last Quarter

Jacksonville high outplayed Springfield in all departments of the game on Illinois field Saturday afternoon and won by a score of 7 to 6.

The field was heavy which handicapped both teams in carrying the ball. Despite this, however, the locals excelled in this department of the game, gaining many more yards than Springfield on line plays and off tackle smashes.

Hunt also outkicked the Springfield punter, in most instances gaining on each exchange of punts. Except in the closing minute of the fourth quarter the game was played in Springfield territory.

Springfield tried several forward passes as did Jacksonville, but neither were able to gain anything with the aerial game and went back to straight football. The visitors' best bet was end runs and line plays. Twice they made first down on end runs.

However, the locals soon solved their formations and smeared the plays all over the field. The Jacksonville line outcharged Springfield's forwards and had all the best of it in opening holes for the man with the ball and in stopping the Springfield plays. Goebel and Putnam showed superiority over the visiting wing men in getting down the field on punts and also in stopping plays.

Springfield after an easy victory over Jacksonville last year evidently did not expect much but a practice game. We can't refrain from saying, "I told you so," for we predicted in these columns a few days ago that Springfield would find her hands full with the locals.

Willie Wright, the fast little colored player of the visitors was not able to do much as the locals had him spotted and stopped without much trouble. Carnes and McNulty did most of the gaining for Springfield while Petefish and George played well in the line.

Hunt, Arter and Hopper made the gains for Jacksonville repeatedly making first down on line plays and end runs. In the heavy going, however, they could not keep up their speed and Hunt would be forced to kick. Hopper also did some excellent tackling. E. Arnold, Brackwell, H. Arnold, Camm and Hackett more than held their own with their opponents and Hackett playing loose center on defense made some fine tackles.

Both teams were penalized repeatedly for offside and helping the man carrying the ball. It is possible the players who were under high tension were over-anxious. The game was remarkably free from roughness. Both teams tackled hard but there was a fine spirit of sportsmanship and only once or twice was it necessary to take time out for players.

Jacksonville kicked off to Springfield at the opening of the game. The two first periods was nothing but an exchange of punts with the locals having the best of it. Most of the playing was done in Springfield territory. When the half ended Jacksonville had just kicked to Springfield.

At the beginning of the third quarter Springfield kicked off and the ball was carried back 10 yards. After Jacksonville had made three first downs, including a run of 17 yards by Hunt, Springfield held.

Springfield made first down and then forced to kick and recovered the ball. This state of affairs continued thruout the quarter, neither team being able to make consistent gains. At the close of the quarter it was Springfield's ball on her twenty-five yard line.

After failing to gain Springfield was compelled to kick. Jacksonville made three first downs with a little to spare each time and put the ball inside Springfield's ten yard line. Two plays put it on the four yard line and Hopper fought his way thru the line for the touchdown and Hunt kicked goal.

After the kickoff Springfield on the poor handling of punts by Jacksonville carried the fight into Jacksonville's territory for the first time. Jacksonville held on her 15 yard line. Hunt tried two plays and then tried to punt on the third down. There was only a few seconds to play. Springfield broke thru and blocked the punt and it bounded back of the line and a Springfield man fell on

ILLINOIS' CHANCES LOOK GOOD IN GAME WITH MILLIKIN TEAM

Locals Are Going Good and Millikin May Be Slipping

Coach Harmon and his Illinois football squad were rather surprised at Wesleyan holding Millikin to a tie. However, it was another case of upsetting the dope bucket as Illinois did against Eureka and Bradley did against Augustana.

Evidently Wesleyan was keyed up for the Millikin game and it may be that Millikin slumped after the game with Wabash. One thing the game showed was that Millikin is not invincible.

The men came out of the Eureka game Friday with but few casualties. These consist mostly of bruises and sprains but none of them are serious. The game also demonstrated that Coach Harmon has two fifty sets of backs, both so good there is little to choose between them.

Illinois will begin preparations for the Millikin game Monday afternoon. It will be a strenuous week for the Blue and White squad as Coach Harmon wants them up on their toes for the battle next Saturday.

Except for the slump during the two weeks in which the Bradley and Wesleyan games were scheduled, Illinois has played real football. The same brand that was displayed against Illinois Normal, Monmouth and Eureka would have placed the Bradley and Wesleyan games on the right side of the ledger.

The Illinois men are going to try to keep the slate clean for the remainder of the season. This includes kicking Millikin and Captain Cully and his men feel it in their bones that they can do this very thing.

At the "pep" meeting held last Friday night the students took up the matter of getting a special train to Decatur for the game and taking the college band. It is probable that this will be done and Illinois will have several rooters present to cheer the team to victory.

If you haven't done so, make arrangements to go along next Saturday and give the team a boost. If you can go leave your name at Lane's book store as it is necessary to secure at least 125 in order to get the train.

I. S. D. SMOTHERS PLEASANT HILL

State School Players Bury Pike County Team Under Avalanche of Scores—Victory Show Good Team Work—Would Like Thanksgiving Game.

The Illinois School for the Deaf won its first game of the season, triumphing easily over the Pleasant Hill High school at Pleasant Hill. The score was 46 to 7. The game was clean and fast.

The Pleasant Hill team won its choice and chose to defend its goal. They failed to gain on the first downs, and punted the ball for a distance of 50 yards on their 45 yard-line. Captain Massinkoff caught it and ran all the way to the opponent's goal making the first touchdown. It was within about three minutes after the start of the game. It was the main feature, and sweetest of their feet in surprise. Afterwards the Orange and Black players made great gains on backs and ends.

The Pleasant Hill boys made only a touchdown thru a successful long forward pass to their right end. The defending quarter-back barely touched it but unfortunately slipped. Afterwards they used various plays, most of them being forward passes, in vain.

The I. S. D.'s victory was due to their fast work on the offense and good teamwork. Their defense showed some improvement but still needs more training. Next Saturday they will play the Missouri School for the Deaf at Fulton, Mo. The I. S. D. players plan to undergo hard workouts from now in order to better their defensive formation.

The line-up: Pleasant Hill: Nail, ...

Touchdowns: For I. S. D., Massinkoff (2), Sotokowski (2), ...

Princeton Falls Before Yale Team

NEW HAVEN, Conn., Nov. 12.—Yale's brilliant youthful eleven defeated Princeton veterans, 13 to 7 today before 75,000 spectators, including Marshal Foch, who demonstrated his impartiality by sitting first on the Yale side and then among the Princeton rooters.

The first Yale victory in this annual classic since 1916 was due to a touchdown by O'Hearn on a 18-yard end run in the first period coupled with a 2 yard drop kick by Captain Aldrich in the third period and another drop 15 yards in length kicked by the same player during the last quarter. Princeton made a touchdown in the second period in ten plays, including four forward passes the series enabling the Tigers to march 58 yards to a touchdown, the last play being a buck of one yard across the goal line by Garrity. Yale's advance to the last white line was 65 yards long and was made in eight plays, largely from the triple threat kick formation with Aldrich and O'Hearn back. Aldrich made one end run of 18 yards and another of 12 during this burst of offense without recourse to the forward pass.

The lineup: Yale (13) Princeton (7): Hulman, ...

Score by periods: Yale, 7 0 3 3—13 Princeton, 0 7 0 0—7 Yale scoring, touchdown, O'Hearn; goal from touchdown, Aldrich; goals from field, Aldrich 2; Princeton scoring: Touch, Garrity; goal from touchdown, Baker.

HARVARD WON WITHOUT REGULARS

CAMBRIDGE, Mass., Nov. 12.—Harvard with its regular players absent from the lineup scored a 9 to 7 victory over Brown at the stadium today. The winning points came in the last few minutes of play when, with the score 7 to 3 in Brown's favor the Crimson took the ball down the field for a touchdown from the visitors' 20-yard line.

BRADLEY DEFEATED AUGUSTANA 13-0

PEORIA, Ill., Nov. 12.—Bradley Polytechnic defeated Augustana 13 to 0 today before a large homecoming crowd. Gross, halfback, accounted for both Bradley touchdowns. Etnenger scoring the first after Gross ran thirty-five yards to the one-footline. A seventy-yard run by Gross late in the last quarter, gave Bradley the other score. Mud and snow handicapped both teams.

INDIANA PROVED EASY FOR IOWA

IOWA CITY, Ia., Nov. 12.—Iowa added another victory to its string today, winning easily from Indiana, 41 to 0. At no time was Iowa's goal in danger. Captain A. Devine scored five of Iowa's touchdowns before being taken out in the third period. Gordon Locke made Iowa's sixth touchdown.

Periods of the game: 10 minutes and 12 minutes.

Notes: It is worth noting that it was the first game that the I. S. D. ever played outside of this city since the year 1905. I was also the first football game to most of the players taking part in it.

The I. S. D. is trying to have Carlisle or Roodhouse play their here on Thanksgiving. Any high school in this vicinity wanting a game for that day should immediately get in touch with the athletic director of the I. S. D. It is plain that there is no rule in the Illinois High School Athletic association preventing the I. S. D. from playing any high school belonging to the said association on the grounds that the I. S. D. is classified as ineligible for membership to the association. The rule reads as follows: "Section 5. No contest shall be held with any high school not belonging to this Association, except those ineligible to membership."

MICHIGAN UPSETS DOPE BUCKET IN WISCONSIN GAME

Holds Old Rivals to Seven to Seven Tie Saturday

MADISON, Wis., Nov. 12.—Wisconsin was virtually eliminated from the trio contending for the championship of the western conference when Michigan today invaded Badger territory for the first time since 1905 and fought their old gridiron rivals to a 7 to 7 tie.

Only victory could have kept the Wisconsin team in the conference showing against the unbeaten Ohio State and Iowa teams. Wisconsin's only chance of maintaining the triple tie now is to win her last conference game while the two contenders lose. None of the teams meet each other.

Breaks in the game today gave both Wisconsin and Michigan chances for easy scores, but the necessary punch was always lacking on the crucial play. Failure to kick successful field goal from easy position cost each team a victory. The second quarter afforded the scene of each teams score.

Tebel, Badger end, had a ten yard punt made from behind Michigan's goal posts, bounce into his arms at the opening of the period and he raced over for the Badger's only tally. Sundt kicked goal and the Wisconsin crowd went wild.

The thrill was quickly followed by another which silenced the Badgers and blighted the Wisconsin championship chances when Michigan raced the ball into Badger territory and then put a touchdown from a pass, Goebel to Robey.

The entire game was bitterly fought by the two evenly matched contestants. Wisconsin put the entire Michigan backfield and both of their ends on the hospital list before the game was over in addition to Captain Dunne, giant guard who was seriously injured in the second quarter. Tebel was the only Wisconsin man hurt.

The lineup: Michigan: Goebel, ... Wisconsin: Tebel, ...

Score of periods: Wisconsin, 0 7 0 0—7 Michigan, 0 7 0 0—7 Wisconsin scoring: Touchdown, Tebel; goal from touchdown, Sundt.

Michigan scoring: Touchdown, Robey; goal from touchdown, Goebel. Referee, Walter Eckersall. Chicago. Umpire, Haines, Yale. Field Judge, Hoagland, Princeton. Head Linesman, Young, Illinois Wesleyan. Time of periods, 15 minutes each.

OHIO WON ON FIELD COVERED WITH MUD

COLUMBUS, O., Nov. 12.—A gridiron ankle-deep with mud and water failed to turn aside Ohio state's drive for Western conference honors here today, the Buckeyes plowing through Purdue for four touchdowns and a 28 to 0 victory. Due to the condition of the field players became almost unrecognizable after a few minutes of scrimmage.

After Ohio had plunged over the Boiler-maker goal three times before the first half had ended, Coach Wilce took an opportunity to look over his material for next year, using thirty-two players in all.

Purdue showed flashes of offensive ability—sufficient to make six first downs to Ohio's fourteen—but had only one remote chance of scoring. Meeker failing in an attempt for a field goal from the forty-yard line in the first period.

KNOX BASKETEERS TO PLAY IN EAST

GALESBURG, Nov. 12.—The Knox College basketball team will meet Yale, ... Point and other big institutions of the east this year, in the first eastern schedule ever played by a western college basketball team, according to announcement here today.

Coach Barry expects to take two complete teams on the eastern trip. A unique feature of the trip will be the men, during their absence be the conduct of regular classes of two weeks from the class room.

ILLINOIS DEFEATED BY CHICAGO UNIVERSITY

Victors Play Straight Football Thruout and Score Two Touchdowns and Kick Goal—Illinois Scores Result of Two Drop Kicks By Sternaman—Large Crowd Was Present

URBANA, Ill., Nov. 12.—Chicago's powerful fighting machine, playing a driving game of straight football, defeated Illinois 14 to 6 today on a muddy field before a homecoming crowd of 23,000 people. Johnny Thomas, the man who beat Princeton, was again responsible, Chicago's victory. Twice the big full back drove thru the Illinois line for gains that placed the ball within striking distance of the orange and blue goal and each time he plunged across with the ball.

It was ideal football weather overhead. Sharp and cold the air resounded with the clash of a vocal battle between the Chicago and Illinois stands which vied with that on the gridiron. A meagre sun melted the frozen field and left it slippery, but both teams were heavy enough not to be badly handicapped.

Chicago outplayed the Illini in the second half, altho Illinois fought a hard game fight. The Maroons were equally strong on offense and defense when they stuck to line plungs, but Illinois displayed noticeable superiority in forward passing, completing seven of seventeen attempts, while Chicago tried but four and failed each time.

Joe Sternaman, playing his first entire conference game, heartened Illinois by his performance at quarter. He proved a 128 pound dynamo of energy and, trying his toe for the first time booted two beautiful drop kicks between the Chicago bars for Illinois' six points.

Both teams fought on a par the first quarter with Captain Walquist furnishing the only thrill when he ran 15 yards with a 10 foot forward pass.

Starting the second quarter on the Chicago 33-yard line, Crangle gained thru the line and Walquist shot Peden a 12-yard pass, putting the oval on the eight yard marker. Sternaman dropped back for a beautiful drop kick and the startled Chicagoans had hardly recovered when Halfback Peden caught a punt and zig-zagged fifty yards, down the field behind wonderful interference to the Maroons 25 yard line. Immediately Sternaman sent another drop kick between the bars from the 38-yard line.

Returning to the field on the little end of the score, Chicago battled hard. Here Thomas, who had replaced Timine got underway. Diving thru the center, Thomas staggered ten yards from the Illinois 20-yard line before the Illini pulled him down. After that, he carried the ball to the 1-yard line where Thomas plunged across for a touchdown. Captain McGuire kicked the goal. Concentrating their attack on center and right guard, Thomas and Hurlbert broke thru the defense of Vogel and Greene for consistent gains. They had carried the ball to Illinois 25-yard line at the quarter and as the last period began, Crisler tried a place kick but failed. More plunges by the driving Chicago backs, aided by a left end run by Pyott, gave the Maroons first down on the 13-yard line. Thomas and Pyott bucked the line for three more when Crisler tried another place and again failed. Illinois failed to gain on passes and punted to Chicago, straight football, fighting football, carried the oval to the Illinois 20-yard mark where Thomas took the ball on times out of eleven in a series of bucks that left him barely over the goal line for a second touchdown. McGuire again kicked goal.

In desperation Illinois opened a brilliant display of forward passes. Walquist and Peden taking turns in hurling the pig skin to the waiting hands of Sternaman and Mullen, substituting for Sabo. The Illini with time against them made three first downs in rapid succession only to have Crisler grab a long pass on his three yard line and race back to the center of the field and safety.

It was Chicago's first victory over the Illini since 1917. Line-up and summary: Chicago, 14. Position: Illinois, 6. Halfback, ... Sabo. Fletcher, ... Orlander. Proudfoot, ... Vogel. King, ... Mohr. Redmon, ... Greene. McGuire, ... Drayer. Crisler, ... Wilson. Romney, ... Sternaman. Pyott, ... Walquist. Hurlbert, ... Peden. Timine, ... Crangle.

Score by periods: Chicago, 0 0 7 7—14 Illinois, 0 6 0 0—6 Summary: Chicago scoring: Touchdowns, 2; Goals from touchdown, 2. Illinois scoring: Goals from field, Sternaman, 2. Officials: Referee, Hackett, West. Pol. Umpire, Knight, Dartmouth. Field Judge, Burd, Indiana. Head Linesman, St. John, Ohio State.

WILL MANAGE THE KALAMAZOO CLUB

Kalamazoo, Mich.—(By A. F.)—Joe Wall, several years a first baseman for the Boston Red Sox, has been signed to manage the Kalamazoo Central League team next season. Wall, plans a share of team's personnel.

"If a player does not show enough stuff in two years to raise him higher, he is of little use any club," Wall said. "No minor league club can get along without selling players. I believe, that the fans who pay for the sport want to see new faces in the 'rings'."

Wall has been managing a semi-professional club in Brooklyn during the last two years.

Thomas (substituting for Timine), 2; Goals from touchdown, 2. McGuire, 2.

Illinois scoring: Goals from field, Sternaman, 2. Officials: Referee, Hackett, West. Pol. Umpire, Knight, Dartmouth. Field Judge, Burd, Indiana. Head Linesman, St. John, Ohio State.

OLD TIME BASEBALL STAR PASSES AWAY

Jimmy Barrett Died Recently—Detroit—Was for Many Years Star Outfielder of Tigers.

DETROIT, Mich.—(By A. F.)—The death here recently of James E. (Jimmy) Barrett, marked the passing of one of the most popular baseball players of the early days in the American League. Barrett was born in Athol, Mass., 46 years ago, came to Detroit with the American League team in 1898 when it was managed by George Stallings.

His career was typical of that of the old-time favorites. A common occurrence for the center fielder of the Tigers to be carried from the field on the shoulders of the fans after a specially big day at Bennett Park now Navin Field.

Barrett was considered one of the most graceful players on diamond as well as one of the least quarrelsome. He played Detroit in 1898 and 1899 and then sent to Cincinnati with the Steinfield. After a short sojourn with the Reds he was released and was immediately taken back onto the Tiger roster. He remained with the Tigers until 1905 when Ty Cobb made his advance into the game here. In 1904 Barrett led the league among outfielders in fielding and ranked with the league's best hitters thruout his career.

MISS GOAL BEATS RED HARMON'S TEAM

QUINCY, Ill., Nov. 12.—A fifty five yard run for a touchdown by Sneeker and Hartman's kick in the third quarter gave Hedding a 7 to 6 victory over Quincy College here today. Sneeker tackled, lost the opportunity to tie the count when he missed a goal from touchdown after Tom had crossed the Hedding line the last session.

Sneeker's long run came when he caught the ball after an attempted place kick fell short.

WILL MANAGE THE KALAMAZOO CLUB

Kalamazoo, Mich.—(By A. F.)—Joe Wall, several years a first baseman for the Boston Red Sox, has been signed to manage the Kalamazoo Central League team next season. Wall, plans a share of team's personnel.

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that emanates from the iron in your blood and like the iron in your blood, leucine and iron, while metallic iron is just as it comes from the action of strong acids on iron filings. Nuxated Iron does not irritate the teeth nor upset the stomach. It is an entirely different thing from ordinary metallic iron. It quickly helps make fresh, red blood, revitalizes worn-out, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. At all drug stores. Beware of substitutes. Always insist on having the genuine.

NUXATED IRON
Gives Strength and Endurance

SCIENTIST IS CHEATING NATURE

Plays Tricks With Various Vegetables and Fruits

DUBUQUE, Ia.—(By the A. P.)—Cheating nature at her own game and playing with cards of watermelon, tomatoes, fruit trees and muskmelon, C. W. Marshall, of Minneapolis, Minn., has achieved the almost impossible, from the standpoint of the horticulturist, in bringing out seedless varieties of vegetable fruits, and coloring and flavoring muskmelons as desired.

A record of eight years of work is behind Mr. Marshall and his efforts, he told a select group of growers in Dubuque, recently. Constant experiment, failures with repeated trials led to the winning of the game with nature. Muskmelons may be flavored easily, he told the growers. A bottle filled with thinned sugar syrup colored any shade wished is the principal material needed. The bottle with a wick of wool set in a cork, tightly wrapped to a stick, is inserted near the melon. The wick is inserted in the stem of the plant. When mature the melon will be colored the desired shade and flavored according to the syrup.

Obtaining a seedless watermelon, however, is a matter of a simple matter. After the vegetable fruit has started to grow following pollination of the blossom, a section of the vegetable vine is cut.

The cut must be confined to one section, and the vine must not be severed. Two other cuts must also be made in the same section. Cuts of two inches are sufficient to accomplish the purpose. With three lengthwise cuts made, the end of the center cut is severed and buried in the ground. The seedless variety is the result.

With six years of effort already expended Mr. Marshall has an apple tree bearing six varieties of apples, each coming in and producing fruit in their own proper season. Grafting is the secret. Each year he takes a sprig from the variety he wishes grown on his "apple producer," as he calls it, and grafts it to the parent hole of the tree. He hopes to grow eight varieties on the one tree.

Constant experiment with flowers, vegetables, trees and plants has led to many an interesting discovery, he says, with an unending field always open to the one who will spend his time playing cards with those provided by nature.

VOLCANO THROWS OUT HUGE ROCKS

Are Larger than Ships and Recall Early Period of Earth's Formation

TOKIO.—(By the A. P.)—Showers of rocks larger than ships were hurled from a raging volcano on Kamchatka, where a terrible and magnificent volcanic phenomenon occurred in August, recalling the primitive days of the formation of the earth. After having been wrecked and washed away on the shore of Kamchatka Frederick McCormick, a well known American newspaper correspondent, witnessed the extraordinary eruption.

In a report to the Japan Advertiser, Mr. McCormick says: "On arriving at Hakodate, in northern Japan, I heard from a fisherman of an earthquake above Hokkaido and the disappearance in the sea, September 6, of a part of the island of the Kurile group. The earthquake extended from Hokkaido to the Aleutians and was but a prolongation of the seismic phenomena occurring in Kamchatka, where I was wrecked on the Kronotsky peninsula. Ten days later, sixty sea miles to the south, I found myself at Semlachik, from where I saw the magnificent eruption of the volcano Kamshikava. Above a mountain ridge which lay between, we could see without the aid of glasses, the explosion of showers of rocks, many of which must have been larger than ships, as they flew through the sky in giant parabolas. Only the flowery crest of the eruption was visible to us as it played against the sky. The smoke column, tilted southward by the wind, reached upwards thousands of feet and in two days the smoke cloud extended 100 miles down the coast and out to sea.

"Then the wind shifted to the west and the ship was sprinkled with volcanic dust. There was a great roar like the sound of an artillery battle, and it was reported that the water of Kronotsky bay had risen in temperature five and one-half degrees, while magnetic disturbances rendered the ship's compass unworkable. Fearing a subterranean sea-wave we put out forty-five miles off the shore and on September 5 recorded a violent earthquake which shook the ship. The same was experienced at the Commander's islands and Ust Kamchatka.

"There are few places where the direct and positive force of nature can be realized so intensely as in this far away land. There are about sixty-three volcanoes in Kamchatka of which twenty are active; there is no historian to record their great doings except an astonished fisherman 1,000 or 1,200 miles away. A geographical expedition from Sweden intends to announce next year the results of its scientific work in Kamchatka."

STANDAR DBEARERS OF ALEXANDER MET

Society of M. E. Church Met Saturday Afternoon at Home of Mrs. Fred Neal—Other Alexander News

Alexander, Nov. 12.—The Standard Bearers of the M. E. church held a regular session Saturday afternoon at the home of Mrs. Fred Neal. There was a large attendance of the members and two visitors were also present for the program and social hour which followed. The study book, "A Noble Army—the Smoke of a Thousand Villages" was taken up and some time was also devoted to the A-bee-dary.

After the program there was a brief social time and the hostess served delicious refreshments. The next meeting will be on Saturday, December 10, at the home of Miss Wanda Willits.

News Notes
Miss Minnie Wiley, who is attending the high school at Jacksonville, is here to spend the week end with home folks.

Mrs. J. W. Reif was taken to Our Savior's hospital in Jacksonville Saturday for treatment. Mrs. Reif has been suffering from a case of poisoning and has previously been a patient at the hospital.

Mrs. Andrew Johnson, Jr., and children have removed from their farm north of Alexander to Jacksonville.

Rev. J. A. Betcher of Ashland is here to attend the funeral of the late Mrs. Reuben Davis.

William Colwell was a Jacksonville visitor Saturday.

MARRIAGE CUSTOMS ARE INTERESTING

Palestine Ceremony Was Recently Witnessed in City of Jerusalem—Begins on Monday and Lasts Thruout the Week.

JERUSALEM.—(By the A. P.)—The marriage customs of Palestine demonstrated recently in the wedding of one of the prettiest girls of the city to a well-to-do merchant, are among the most interesting celebration of this ancient city.

No person who is privileged to witness one will ever forget either the gorgeous costumes displayed or the thrill of the music and dancing indulged in by the guests.

Not only the respective families of the bride and bridegroom, but also the entire neighborhood takes part in the merrymaking which generally lasts for seven days.

The celebration begins always on Monday and the wedding ceremony, itself, always occurs at dawn on the following Sunday.

Invitations are sent only to those from whom presents are expected. However, any person may attend who wishes. Presents are always in the nature of food-stuffs such as rice, meat, sugar, coffee, flour, butter and vegetables. These are necessary to provide food for the hundreds of guests who flock to the bridegroom's house daily to take part in the singing and dancing.

Saturday brings the climax to all joy making. If the bridegroom's father is of even moderate circumstance, professional musicians are hired for the day.

Men and women in Palestine do not mix together, often, due to the general belief that women are not mentally worthy of association. Consequently it becomes necessary to entertain women separately.

On Saturday evening at 8 o'clock there takes place the shaving of the bridegroom, a feature of the entertainment. Surrounded by scores of men and women who keep up incessant maddening yells, which may be heard for a mile around, the barber undertakes the operation.

This done, a procession is formed proceeding to the church with people marching two abreast. At the head come eight kawases (guards) followed by ten children carrying in their hands palm-branches and long candles lighted. Immediately after follow four priests dressed in their church robes and singing psalms. The bridegroom, accompanied by his father and the best man come next, trailed by 200 or 300 men. At the end of the procession come the women and children.

A similar procession having started at about the same time from the bride's place, the two groups meet at some appointed place and proceed jointly to the church. All along the streets men and women, wakened by the noiseless out of their windows to watch the bridal party.

After the wedding ceremony is performed, a general rush is then made to the bridegroom's house where a breakfast is served.

Chicken pie supper Westminster church Thursday evening, beginning at 5:30 o'clock. Tickets 50 cents.

RENOWN WILL CARRY ELEVEN BLACK CATS

British Steamer Sailing for India With Two Princes Aboard Will Take Cats for Mascots.

LONDON.—(By The Associated Press.)—The Battleship Renown will carry two princes when she starts for India to carry the Prince of Wales on a visit to that empire. Prince Charles, the second son of the Belgian King Albert, is a midshipman on the Renown. He probably will not share in any of the honors of the British prince, but will devote his time to his duties. He is well acquainted with members of the British royal family for he was a cadet on board the vessel in which the British Prince George recently made a Mediterranean tour.

Eleven black cats have been taken on board the Renown as mascots.

The battleship will have 65 officers and 1,250 men aboard in addition to 16 boys from Eastney who will form a drum and fife band.

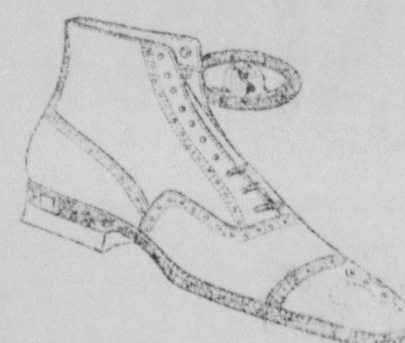

The Renown will take with her for receptions several thousand extra cups and saucers, plates, knives, forks and spoons. The provisions include 112,000 pounds of flour, 15,000 pounds of "billy" beef, 6,000 pounds of salmon and 2,000 pounds of ships' biscuits.

For the use of the officers there

will be a stock of 195,000 cigarettes, 2,000 dozens bottles of wine and 9,000 cigars, the latter in addition to 5,000 cigars taken by the Prince of Wales himself. Thruout his Australian tour the Prince preferred, during the day, to smoke a pipe of tobacco but at

ter dinner he invariably had a Havana.

Apart from the monthly issue of loose and leaf tobacco the men's smoking needs will be met by the canteen on board and for them there will also be 5,800 gallons of neat rum and 4,000 gallons of lime juice.

Young Men Here's The NEWEST "Brogue"

Just the shoe the young fellows want—A Hamilton-Brown production—specially priced.

This is strictly a young man's shoe—designed in the latest Brogue effect with fancy perforations and medium square toe—has flange heel with rubber tap—shown in brown leather—a shoe that is full of snap and style.

Water—When and How Much

Hundreds of batteries die of thirst every year.

Not because their owners didn't know water was necessary.

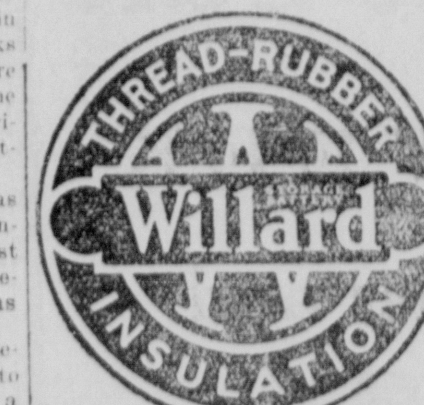

Not because they didn't know the neglect was shortening battery life and costing them money.

But simply because they overlooked it—hadn't the distilled water handy or didn't know just how much to put in.

We can't do your remembering, but we can take all the rest of the job off your hands. Drive around anytime and ask us to see if your battery needs water.

United Budget Campaign Opens Today

UNITED BUDGET

1 American Red Cross, membership only, estimated	\$ 2,300.00
2 Social Service League	4,000.00
3 Tuberculosis Association	1,700.00
4 Salvation Army	2,500.00
5 Near East Relief	2,000.00
Total	\$12,500.00

The first gun of the United Budget campaign will be fired this morning when from all the pulpits of the many Jacksonville churches will go forth the call to help the needy, feed the hungry and to do all the works of mercy that the United Budget campaign is working for. This is a united effort to raise sufficient funds in one campaign for the Red Cross, Near East Relief, Social Service League, Tuberculosis Association and the Salvation Army.

This campaign is of great magnitude and has over 250 in its working personnel, all of these workers will gather Monday evening at the Peacock Inn at 6 o'clock for instructions and the final word before going forth on Tuesday morning to attempt to do one of the largest jobs of this nature ever attempted in Jacksonville.

The following letter signed by the executive committee will be widely distributed by the workers and by school children throughout the city.

"To the citizens of this community—On call of Mayor Crabtree, a group of citizens supporting various charitable and relief agencies, met in a number of conferences and finally decided to approve of a joint solicitation and appointed an executive committee to carry out the project.

Five organizations, instead of making five separate soliciting campaigns for support for the year 1922 as customary, agree to unite in one campaign.

"The executive committee of the United Budget campaign, after a very careful review of the budgets submitted by these charitable and social service agencies approves the amounts listed as the minimum upon which these agencies should be required to operate.

"Your approval and hearty co-operation is most earnestly requested. Distribution of the funds subscribed will be made pro-rata up to the amount of the respective budgets, and after the small expenses of the campaign are paid. Any surplus will be carried over to the following year.

The Red Cross unites solely on the basis of a membership campaign. Each subscription to credit this organization with only \$1 and each subscription of \$1 or more to entitle the subscriber to a membership in the Red Cross.

"Respectfully submitted by the Executive Committee:

Harry M. Capps, chairman; Harold C. Welch, secretary; H. J. Rodgers, chairman Red Cross; H. A. Perrin, president, Social Service League; M. L. Pontius, president Tuberculosis Association; Carlton Hook, chairman advisory board, Salvation Army; and W. H. Marbach, chairman, Near East Relief committee.

The complete list of workers, in addition to the executive committee listed above are as follows, with the exception that this list does not include Jacksonville school districts as the names of workers are not complete.

Ames, Mrs. Mrs. J. H. Dial, Mrs. Florence Gillham, Mrs. John Kastrup, Mrs. Homer Rowland, Mrs. Kate Tollinger, Mrs. C. W. Cornick, Mrs. Thomas Hopper, Miss Edith Rodgers, Miss Laura Fox, Mrs. Ralph Dunlap, Mrs. Therman Hackett, Miss Violet Davis, Mrs. John L. Johnson, Mrs. Eugene Caldwell, Mrs. C. E. Scott, Mrs. Hackett Wilder, Mrs. Homer Potter, Mrs. H. A. Chapin.

MR. WHEELER WILL BE CANDIDATE
George Wheeler, county commissioner, yesterday made known the fact that he will be a candidate for nomination for sheriff on the Republican ticket at the primary in April. For some weeks there have been contradictory rumors with reference to Mr. Wheeler's intentions so that yesterday he authorized a statement of his settled intention of becoming a candidate.

S. J. Tompkins, chief in the office of the collector of internal revenue in Springfield, is spending Sunday at his home on West College street in this city.

CLUB NOTES

The regular meeting of the East Side Tuesday club will be held Tuesday afternoon at 2:30 with Miss Clara Ranson on Finley street as hostess.

A called meeting of the Ladies' Aid society of Centenary church will be held in the church parlors Tuesday afternoon Nov. 15th. All outstanding committees are asked to report preparatory to the turkey supper on Nov. 17th.

College Hill club will meet Monday afternoon with Mrs. R. A. Gates, 1936 Lafayette Ave.

The U. C. T. of the Woman's club will meet with Mrs. Abner Thompson, 615 West Lafayette avenue Wednesday afternoon at 2:30. Mrs. LeRoy Craig will be assistant hostess.

The Household Science club will meet Tuesday, Nov. 15 with Mrs. Nelson McMurphy on West College avenue.

The Wednesday class will meet with Miss Fairbank.

The Domestic Science Round Table of the Jacksonville Woman's club will meet at 2:30 Friday, Nov. 19th at the Illinois Woman's college. An interesting program is promised. Miss Grace Pickle teacher of Domestic Science will give a talk on "Budget Making." Miss Boyd, teacher of household art will give a sketch on a "High School Clothesline," assisted by a number of young ladies of the college. Music furnished by Mr. Pearson will be a part of the afternoon program. Please present your membership cards at door main entrance.

The November meeting of the Women's Home Missionary society of Grace church will be held at the church Wednesday afternoon at 2:30. Hostess, Mrs. Norman Campbell, assisted by Group No. 2. Devotion, Mrs. William Coking. Program leader, Mrs. W. F. Brown.

The Fortnightly will meet at 4 o'clock Tuesday afternoon, Nov. 15, with Mrs. H. L. Caldwell, 807 West College avenue.

The Friday Social circle will meet with Mrs. L. P. Hauck, 756 West North street.

The Catholic Ladies Aid will meet Wednesday, Nov. 16th, at 2:30 o'clock in K. of C. hall, Mrs. Ralph Cowgour and Mrs. Ed McGinnis will be the hostesses on this occasion.

The Past Noble Grang club of

Jacksonville Lodge No. 13, Rebekahs will hold the regular meeting Thursday evening with Miss Joyce Estaque, 220 East College avenue. Members please bring needle, thread and thimble.

The Chaminade Musical club will meet Monday afternoon at the home of Mrs. B. F. Lane, 520 South Main street, at 2:30 o'clock. A Sonata program, with songs by Schubert and Schumann will be given.

FAIR ASSOCIATION

ANNUAL MEETING
The Morgan County Breeders' Fair association will hold its annual meeting at the Farm Bureau office Tuesday evening at 7:30 o'clock. Two amendments will be brought up for adoption at this meeting, and if they go through the election of officers will be held at this time. The rest of the business session will be occupied with the reports of the secretary, department superintendents and special committees.

The two amendments are: To change the time of the annual meeting and election of officers from Jan. 1 to Nov. 1, and to change the name of the organization.

The annual meeting of the Farm Bureau is to be held Nov. 20.

Suit Sale at HERMAN'S.

FUNERAL OF MRS. RIMBEY

HELD AT MURRAYVILLE
Funeral services for the late Mrs. Cynthia Rimbey were held at 10 o'clock Saturday morning from the family residence in Murrayville, in charge of Rev. C. P. Henninger of the M. E. church. The services were private and were attended by only the relatives and a few friends of the deceased.

Music was furnished by George Coultas, George Jones, Warren Wright and Rev. Mr. Henninger. Interment was made in the Rimbey cemetery southeast of Murrayville. The bearers were J. L. Wyatt, Harry Cade, Walter Riggs, Warren Wright, Austin King and Norman Carlson.

POLAND CHINA

BREEDERS TO HAVE SALE

The Poland China Breeders association of Morgan county is making arrangements for a consignment sale to be held Feb. 18.

It is expected that the sale will be held in Jacksonville and further particulars will be made known at a later date.

CLUBS AND SOCIETY

Sinclair People Celebrate Birthdays

William Foster, Mrs. Richard Foster and Myron Stewart, all of Sinclair, celebrated their birthdays together last evening at the home of Mrs. Foster. All of their birthdays come on November 12th, so they united in their celebration and had about twenty-five guests present at a delicious three-course supper party. This unusual party was very much enjoyed and all spent a very happy evening. The hosts were the recipients of many wishes for many happy returns of the occasion.

Mrs. H. L. Caldwell Gives Bridge Party.

Mrs. H. L. Caldwell gave a charming bridge party at her home, 807 West College avenue, yesterday afternoon. There were nine tables of guests and an enjoyable afternoon was spent playing cards. Late in the afternoon an attractive two-course luncheon was served.

Fine Point Club Met With Mrs. Alexander.

The Fine Point club was entertained at the residence of Mrs. W. L. Alexander at the Alexander apartments on West State street yesterday afternoon. The members spent the afternoon hours with sewing and fancy work. A delightful luncheon furnished refreshments.

Junior Entertain L. W. C. Freshmen Class.

The Freshmen girls of L. W. C. were entertained by the Junior class of the college last night at a "backwards party," where everything from entertainment to refreshments were furnished backwards. The guests arrived thru the back door and the refreshments were served early in the evening with dancing as the final part of the entertainment. Middle and skirts were the prevailing costumes, and these too were worn backwards.

Miss Austin, the Dean, Miss Anderson, the Freshman advisor and Miss McLaughlin, the junior faculty advisor were all special guests.

Miss Elson Pires, of the Junior class, chairmaned the committees on the event and Misses Helen Gowdy, Margaret Fowler, and Florence Webster served with her.

WOMAN'S CLUB HEARS JUDGE H. P. SAMUEL

Tells Members Something of Juvenile Court Work—Children Also Give Program.

The Jacksonville woman's Club was addressed by County Judge H. P. Samuel yesterday afternoon who had the main address on the program presented by the Social Service League. The Social Service committee of the club, Mrs. Keith Montgomery, Miss Forward, Miss Fowler and Miss Ryman, were in charge of the program. The subject of Judge Samuel's address was "Juvenile Courts." He told very clearly just what the work of the juvenile court is. He stated that the court exists not so much for the punishment of young offenders, but more to keep them headed in the right direction. The methods of living in this age are such to demand radical supervision by the juvenile court of the boys and girls.

The complete program of the afternoon follows:

Poster-bearer—Betty Lane, Lafayette school.
Song, "He Wouldn't Brush His Teeth"—Catherine Goebel, Lafayette school.

Folk Dance—Pupils of Open Air school.

A B C's of Health—Pupils of Open Air school.

Toast to Milk—William Wainwright, David Prince school.

Address, "Juvenile Court Work"—Judge Paul Samuel.

Violino selection, Slavonic Dance (Dvorak-Kreier), Crinoline (Stoessel), Serenade (W. E. Krich)—Miss Helen Sorrells.

Budget Campaign—Supt. H. Ambrose Perrin.

ILLINOIS DOES NOT PLACE AT DECATUR

Glenn Weaver of Illinois College was one of the contestants in the annual intercollegiate oratorical contest held Friday evening at Decatur. In the report of the winners which came yesterday, Weaver was not mentioned.

Nettie Scheerer, representing Illinois Wesleyan university at Bloomington won first place. G. G. Wallace of Knox college, where the contest was held, won second honors, and Leonard Melburg of Monmouth college, third. Other institutions taking part in the contest were Northwestern college and Eureka college. The title of the winning oration was "Shall We Keep the Faith?"

A Downward Temperature

HERE IS TIP TO CANDIDATES

Youngstown Man Cleans Up In Mayoralty Contest—Spooning In Public Park Is Main Plank In Platform.

YOUNGSTOWN, Ohio., Nov. 10.—A man who has lived in Youngstown only three months and whose platform provided for discontinuance of street car service, turning the streets over to jitney buses and for jailing any citizen who paid taxes under a recent revaluation, yesterday was elected mayor over candidates backed by the major party organizations.

He is George L. Oles, who came in from the country, established a residence in a hotel and carried on an eccentric advertising campaign without the support of any particular element or organization.

Other "planks" in Oles' platform, including permitting "spooping" in city parks under police protection, dismissing the entire police force, if it "doesn't mend its ways," and a promise to turn over his salary to charity.

The women's vote is believed to have been responsible for Oles' election.

Oles started in business here with a barrel of potatoes and a wheelbarrow. Now he has one of the largest food businesses in the city, conducting a market in a former theater on the public square.

His advertising methods frequently startled the city. He discussed almost every question of public importance and his copy frequently was made the subject of special articles in metropolitan newspapers.

Mrs. Oles assisted in his whirlwind campaign and observers assign to her much of the credit for its success. They have two children, both girls. They inaugurated a plan of political meetings for women, from which all men were excluded. At all meetings Oles, who says he has tried to copy Billy Sunday, the evangelist, always rushed on the stage with arms in air, shouting, "Here I am; vote for Oles!"

Oles announced today that he would appoint his Safety Director today without consulting the appointee, and that he and his wife would leave tonight for Florida.

Film sermon at Westminster church this evening, "The Chosen Prince," dramatic and romantic pictures of David and Jonathan. Dr. Smith will preach.

GUESTS HERE SATURDAY
Mrs. Nannie Pinkerton and Miss Margaret Johns of Palmyra were guests yesterday of Mrs. J. A. Walters at her home, 1127 South East street.

DOCTORS WILL SPREAD NEWS ABOUT CANCER

Brief Talks to Be Made in County Schools Wednesday—Seek to Spread Information that Cancer Can Be Prevented.

As already announced, the Morgan County Medical Society has arranged for 10 minute talks on cancer prevention in all of the county schools outside of Jacksonville next Wednesday. The committee has divided the county into 34 districts and the assignments made to the different schools are as listed below. It is the purpose to make a 10 minute talk in each school and to distribute to the pupils a pamphlet, "Cancer—A Message of Hope." The children will be asked to promise to take the little pamphlet home and read it to their parents.

The schedule of visits follows:

District 1.—Mercedia, Mr. Guthrie; Unique, Miss Herman. (Dr. Fremantle).

District 2.—Sycamore, Miss Mayes; Thompson, Miss Tennist; Eagle, Miss Ommen, Dr. Dollard.

District 3.—Lake View, Miss Schaal; Hickory Grove, Miss Esther Tholen; Baker, Miss Tholen. (Dr. Carl E. Black).

District 4.—Burris, Miss Blinling; Hopewell, Miss Herbert; Pleasant View, Mr. Leonard. (Dr. Frank).

District 5.—Pleasant Grove, Miss Standley; Concord, Miss Enright; Harmony, Mrs. G. Smith. (Dr. Ellsworth Black).

District 6.—Newville, Miss Uhnken; Bethel, Miss Davidson; Chapin, Miss Black. (Dr. Fountain).

District 7.—Mt. Vernon, Miss Leeper; Duncan Springs, Miss Diltz; Walnut Grove, Mrs. Ogle. (Dr. Norbury).

District 8.—White Oak Grove, Mr. Arundell; Jersey College, Opal Roe. (Miss Forward).

District 9.—Brush College N. Miss Smith; Arcadia, Miss Nellie Smith; Ebenezer, Miss Cooper. (Dr. C. E. Cole).

District 10.—Liberty, Mr. Cully; Oakland N. Miss Lonerzan; Sherman, Miss Wright. (Dr. Ogram).

District 11.—Oak Ridge, Miss Brown; Jordanville, Miss Puhli; Prentice, Mr. Scott. (Miss Ryan).

District 12.—Yatesville, Miss Lonerzan; Berea, Miss Cummings; Hazel Dell, Miss Dean. (Miss Hutchinson).

District 13.—Independence, Miss Burns; Union Grove, Mr. Ausamus; Herbon, Miss Seby. (Dr. Hardesty).

District 14.—Mauvaistera, Mr. Spahnower; Blue Grass, Miss Douglass; Strawn, Miss Hagin. (Dr. Duncan).

District 15.—Hickory Grove, Miss Wright; Trinidad, Miss Huff; Morton, Miss Long; Prairie Union, Miss Hagin. (Miss Riecke).

District 16.—Kinman, Miss Wintler; Union N. Farrell D. Cooper; Sunnyside, Miss Quigg. (Dr. Woltman).

District 17.—West Liberty, Miss Austin; Point, Miss Cruzan; Mound, Miss Wells. (Dr. Weirich).

District 18.—Lynnville, Shirley McKean; Timber Edge, Miss Cronwell; Elm Grove, Miss Masters. (Dr. King).

District 19.—Strawn's Grove, Loretta Farrell; Buck Horn, Miss Murphy; Elk Horn, Miss Lawless. (Dr. Norris).

District 20.—Douglas Institute, Miss Co-griff; Oakland, Helen Walsh; Brush College, Miss Clarity. (Dr. Jones).

District 21.—Murrayville, Mrs. Barton; Oak Hill, Miss Coyne; Garner, Miss Greenwalt; Union S. Miss Winsor. (Dr. Waters).

District 22.—Pleasant Grove, Miss Cooper; West Greasy, Miss Lakin; East Greasy, Miss Thady. (Dr. Walters).

District 23.—South Jacksonville, Miss Farrell; Rount, Miss Cosgriff; Maple Grove, Miss Crouse. (Dr. Thompson).

District 24.—The Narrows, Miss Charlton; Cross Roads, Miss Shelton; Central Point, Miss Steinmetz. (Dr. Bradley).

District 25.—Pleasant Hill, Miss Jones; Apple Creek, Miss Smith; Hillcrest, Miss Cosgriff. (Dr. Spencer).

District 26.—Nortonville, Miss Seymour; Hartland, Miss Rob-

With Morgan County Poets

Many folks still think that poetry can be written without much labor, or preliminary training. The best craftsmen will tell you that it comes easy only to those who have studied and worked—just as crocheting comes easy to those who have practiced it. Poetry is therefore a matter of getting the right stitches (words) in the right place.

In that respect, writing poetry is simply a trade. But, as the composer, Camille Saint-Saens declares: "So true is it that the 'trade' is not without its uses. There are some who disdain it, and acknowledge nothing but inspiration. Those who despise the 'trade' will never be more than amateurs."

The following poem appeared first in the College Rambler, and afterwards in the Chicago Evening Post.

GIPSY GIRL

When you danced last night at the masquerade,
Clad as a gipsy girl picturesquely,
When you clattered the cymbals of your tambourine,
How soon the people about you faded away,
And barren earth was where the floor had been.

My love, within a wilderness you danced,
And I alone sat watching you,
With the campfire between us,
With the stars peeping down through the leaves,
Your hair was with flowers bedecked,
Your ankles, bejeweled and sparkling.

How soon to gipsy land you transported me,
When you danced last night at the masquerade.

—WAYNE GARD.

LOUIS WALLIS TO ADDRESS FORUM

"The Great Social Awakening and Religion" Will Be Noted Author's Subject at Congregational Church.

Mr. Bale's powerful forum address last Sunday evening on the importance of conserving and educating our boys and girls with the startling facts presented by him deeply impressed all who heard him.

Mr. Louis Wallis will speak this evening on "The Great Social Awakening and Religion." Mr. Wallis is well known as the author of several religious books and as a lecturer on sociological and religious subjects. He is constructive and spiritual in his interpretation of the social aspects of the gospel, believes in social justice, and one hundred per cent Americanism, is against the "Reds" and does not want the churches to mix up in politics or to stand for any "isms."

Former Senator L. Y. Sherman will address the forum on the 20th on Law Enforcement, and the speaker for the 27th will be Mr. S. J. Duncan-Clark, editor, author and sociologist and a well-known American authority upon international affairs.

The programs of these popular religious services open with music and close with a question period, and all who enjoy or may profit from the open, frank, fearless discussion of matters of mutual concern are cordially invited to come and take part in the meetings.

Without any obligation, except to make such offering as seems fit to help defray the expenses of the speakers.

SPECIAL MEETING
Jacksonville lodge No. 152 K. of P. Monday night. Work in the rank of Knight. Oyster supper at 6 o'clock. All Knights of Pythias invited.

Mrs. Minnie Miller of Topeka, Kans., ended 10 days visit with her sister, Mrs. P. A. Clement, who make her home daughter, Mrs. H. L. Sperry.

Men's underwear to suit any kind of weather and fit any man, can be secured at FRANK BYRNS Hat Store.

INVESTIGATING RACE MYSTERY

Yale University Working on Origin of Polynesian Races—Gratifying Results So Far.

HONOLULU, T. H.—(By A. P.)—The origin of the Polynesian races one of the great mysteries of the South Seas—is the object of investigations being carried on by the Bishop Museum and Yale University, which have yielded gratifying results in the first year, according to the annual report made public today by Dr. Herbert E. Gregory, director of the Bishop Museum here.

The report detailed the agreement reached between the museum, Yale and Harvard Dominick of New York, who is financing a large part of the research work. Four expeditions have been sent to the South Seas and Hawaii to investigate geological, geographical ethnological and botanical questions which might lead to the solution of the origin of the Polynesians. These parties of scientists visited the Marquesas islands, Austral Islands, Tonga and Hawaii. All have returned to Honolulu except the Marquesas investigators, who are still engaged in compiling a vast amount of material discovered in that archipelago, the report stated.

The second year of the two-year program of investigation will be devoted to observations at Wake Island, the eastern Carolinas, Gilbert Islands, Christmas Islands, Fanning Islands, Maiden, Samoa, Tonga, the Friendly Islands, Ellice and the Marshall Islands. A vessel will be provided for the cruise and a staff of scientists will compose the expedition.

Results obtained in Hawaii are regarded as of great importance in assisting science in determining the origin of the Polynesians, the report said. One of the principal achievements was the compilation of a complete exhibit of the races inhabiting Hawaii for presentation before the 1921 international congress of eugenics in New York City.

SPECIAL MEETING

Jacksonville lodge No. 152 K. of P. Monday night. Work in the rank of Knight. Oyster supper at 6 o'clock. All Knights of Pythias invited.

Ellis Brainer and family of Joy Prairie were arrivals in the city yesterday.

COLLEGE GIRLS NOT SLACKERS

Seniors at Goucher College Prove Fallacy of This Assertion.

BALTIMORE, Md. (By B. A. P.)—Goucher College seniors have just contravened to their own satisfaction, the charge made by speakers at the recent eugenist convention in New York that the American college girl is a slacker—that she is unwilling to marry unless she can have many comforts and luxuries.

A referendum vote taken among the 103 seniors showed that they were of the opinion that a couple could marry safely and live in a city on an income of \$48 weekly.

One girl thought she could live in comfort at about \$155 a week, while another, who evidently had given the subject careful consideration by making out a budget, said she was willing to take a chance at \$850 or \$1,000 a year, if she had a child.

Only six girls figured they would need \$4,000 a year or over, twenty-four made estimates of \$2,000. Four thought they might be able to struggle along on \$1,500.

One senior estimated it would cost \$3,000 a year in Washington or New York but only \$2,600, in middle western cities. Another thought \$2,500 would be needed if she were the wife of an army or navy officer.

Almost every one emphasized the point that the success of the venture would depend largely on economies and good team-work by husband and wife.

Women's Fur Coats, Capes and Scarfs. FRANK BYRNS Hat Store.

STUDENTS CELEBRATE SPRINGFIELD VICTORY

Jacksonville high school students were hilarious over the victory over Springfield yesterday. A large mob of them congregated at the high school last night and formed a parade procession, led by a truck load of yelling maniacs, around the square. The main feature of the parade was an abundance of noise. They surely had a right to yell though after that 7 to 6 victory.

Stated convocation Jacksonville Chapter No. 3 R. A. M. Monday evening. WORK. Visiting.

Companions welcome. John W. Huggett, E. H. P. John R. Phillips, Secy.

SPECIALIZATION IN BREEDING

Farm Bureau Advisor Says It Is Essential to Community Advancement and Welfare.

ELIZABETH, Ill.—(By A. P.)—Specialization and co-operation in the breeding of domestic farm animals promote community welfare and prosperity as well as create a reputation for a particular section, according to C. C. Suran, advisor for the Jo Davies county farm bureau.

"Men have to stand before the world with joint decisions," he said. "Breeding the same breed of stock in the community is of advantage in selling stock, since buyers are attracted by large numbers of the same breed. Common experiences are exchanged by one man to another. Breed associations make it possible to create a greater interest in good stock and proper managements."

"One county in Kentucky has not a chicken in it except white Wyandottes. Jefferson and Waukesha counties in Wisconsin are examples of agreement on dairy breeding. The best breed for a man is the one that most of his neighbors are using providing that breed is suitable for the purpose."

"Right now I know a man in central Illinois who is the only man breeding that particular breed anywhere near him. He has to depend upon a mail order business to dispose of his good surplus stock. At present he has built up a herd of a good deal of merit, but he has become discouraged and has offered his stock for sale at a sacrifice."

"The Great Social Awakening and Religion" LOUIS WALLIS THIS EVENING COMMUNITY FORUM Congregational Church

MANY VESSELS LOST DURING YEAR

London.—(By A. P.)—Steam and sailing vessels totally lost, or condemned last year numbered 561 or 45,603 tons, according to statistics published by Lloyd's Register of shipping. Of these 255 were wrecked, 60 abandoned at sea, 80 foundered, 43 missing, 52 burnt, 366 lost in collision, 9 broken up and 26 "lost."

The United States lost 108 vessels of 159,694 tons, Great Britain 163 of 169,503 tons.

W. E. Boston went to Decatur Saturday on business.

Silver for Thanksgiving!!

Thanksgiving is a day for the gathering together, in many homes, of a large number of relatives and friends—a timewhen we want our tables to look their prettiest.

IS THERE AN ARTICLE NEEDED?

Perhaps you have been waiting until this time to get an extra half dozen spoons, knives and forks, or other necessary table article.

If such is the case I would very much like to show you our beautiful line.

DAIRY COW SALE IS HELD AT WHITE HALL

Good Prices Prevailed at Public Sale Held Thursday — Hard Road Stretch Is Completed — Other Greene County News.

White Hall, Nov. 11.—A public sale of dairy cows was held Thursday afternoon in the Burlington stock yards by William Ragen & Son of Carlyle, Ill. Twenty-four head were sold at prices ranging from \$35 to \$90, the average being approximately \$70. This is a very good showing and indicates an increased demand for dairy stock in this locality. The auctioneer was Col. L. L. Seely of White Hall.

A new fieldman has become attached to the Denver Daily Record Stockman. This promising young individual received the grounding of his inspiration in the stock matters here at White Hall in his first newspaper work on the old White Hall Republican amid the environment of such institution as Gregory Farm. This young man is Howard W. Hally, better known as Bill, and he goes to the Daily Stockman from the Western Farm Life of Denver. He becomes both a writer and an ensiary for the paper, and is thus referred to: "As a native of Illinois, more particularly, White Hall, the locality made famous by Gregory Farm, the breeding place of some of the finest Percheron horses and Berkshire hogs in America. Bill, as he is familiarly called, entered Colorado a few years ago well imbued with progressive ideas in stock growing."

The ladies of the First Baptist church will serve dinner at the Percheron horse sale at Gregory Farm on the 25th inst., and this insures a meal that will put the visitor in a good frame of mind to enjoy the sale and let loose of his pocketbook in a way that will be another card in the rising price of farm products. This annual Percheron horse sale is an event of national importance.

Milk shipments from White Hall have reached a new high mark with the setting in operation of the new milk station on the 1st inst. The new concern is shipping an average of 75 cans per day, while the condensed milk plant ships little whole milk, mainly cream and condensed milk. The business is pretty well divided between the two milk companies, and there are indications of increased milk production in the White Hall territory. The new company is using the ice plant building as receiving station. They are desirous of getting a suitable building erected, but no agreement has yet been reached with the railroad people as to location.

Surveyors at Roodhouse

The private car of President Bierd, the 500, left Roodhouse on the Hummer early this morning, after spending a day at the Roodhouse terminal in directing scouting parties of surveyors over the territory surrounding White Hall, but nothing tangible was obtained, except the statement by one of them that the new arrangement is not calculated to disturb Roodhouse as a terminal. One party left the track at the first road crossing west of Roodhouse and worked southerly, following the lines of Seminary and Apple creeks, and taking in Walkerville and Belltown. It appeared that a complete topographical map of the entire territory west and south of White Hall is in the making. The regular surveying party that started out from Manchester the first of the week continues to work along the route to Hillview that lies considerably north of Roodhouse. It appears that the C. & A. plans to carry double-tracking between Murrayville and Pleasant Hill next year.

Child Is Buried.

Edward Eugene Hammon, age 13 months, who died at 9 p. m. Tuesday as a result of an attack of diphtheria, was buried in Pine Tree cemetery at Patterson at 10 o'clock today. The child was taken ill Sunday night, and the case was promptly diagnosed as diphtheria. The child was the son of Mr. and Mrs. Charles Hammon, residing in the east part of the city on East Sherman street. Inquiries as to other possible cases in the neighborhood revealed nothing of the kind.

News Notes.

Two miles of the state hard road in Greene county were completed this week north from the square in Carrollton. This stretch was begun at a point two miles north of Carrollton and proceeded south. Now the machinery is being moved to the north end for the construction to proceed on the additional two miles and a fraction that are under contract by Keel & Son. This will bring the road to a point a short distance south of Belltown.

An agreement has been reached between the state and Messrs. H. W. and C. B. Roodhouse, whereby the highway between Belltown and White Hall will pass thru their farms. Apple creek will be crossed east of the present bridge and follow a course a block east of the present road thru Belltown. This will avoid the sharp turn on leaving Belltown. The present roadway will be followed until just north of the H. W. Roodhouse farm home it will take a northwesterly course and pass thru the C. B. Roodhouse farm, intersecting the present highway at the turn in the present highway just south of the farm home of the Misses Tunison. It is not known what course will be taken into White Hall from the Gregory school corner.

It has been given out that the state does not pay one cent for land taken for highway purpose and it is not known on what terms the Roodhouses made their deal with the chief highway engineer, who was here on Wednesday and left with the matter completely and satisfactorily adjusted.

It is quite likely that the contract for concreting the road into White Hall will be let early in the spring. The city is preparing all legal matters in order to make a deal with the contractor for concreting from curb to curb thru the principal business and residence district traversed by a hard road.

"Buying As Is"

Means use your own judgment and no come-back if you are wrong. While we sell goods that are used, we do not expect you to rely absolutely on our judgment. We tell you the faults as well as the good points. We expect you to be entirely satisfied—Our guarantee to you to refund your money, if we misrepresent anything we sell, makes it just as safe to buy a used article as a new one. We want you to be satisfied and stay satisfied.

MEETING OF G. T. S. CLUB AT MARKHAM

Mrs. Oliver Stout Is Hostess to Club Members at Recent Meeting—Other News from Markham Neighborhood.

Markham, Nov. 11.—G. T. S. club met with Mrs. Oliver Stout Wednesday, Nov. 9th. This meeting was the beginning of a new and very interesting program. The next meeting will be with Mrs. M. L. Watt.

The Ladies' Aid are planning an oyster supper at Mt. Zion church Nov. 17.

Howard Joy is still improving in a satisfactory manner.

Mrs. Ernest Jones of Franklin is visiting her father and uncle, John and Will Sargent and her sister, Mrs. S. P. Cleary.

Mrs. John Irlam and children and Mrs. Tommie Butler and family of Woodson, W. L. Watt and family spent the day Wednesday, with the family of R. H. Blumling.

Mrs. W. T. Willard was taken seriously ill Wednesday morning but is somewhat improved.

Mrs. Douglas Hunt is on the sick list.

A market will be held by the Mt. Zion Ladies at Dorwards meat market, Nov. 23.

Reunion of Leake Family

A very enjoyable reunion was held at the home of Richard Leake northwest of the city before the departure of his brothers for their respective homes, Dave Leake of Oberlin, Kansas and John Leake, wife and daughter, of Chandler, Okla.

At noon a sumptuous dinner was served to the relatives and the afternoon was spent very pleasantly. A number of group pictures were taken.

ILLINOIS WOODLANDS WILL BE INVOICED

Will Start in Southern Illinois and also Work Along Rivers of State—Expect Good Results to Accrue.

URBANA, Ill.—(By the A. P.)—An "invoice" of Illinois' woodlands by a party of trained foresters under the general supervision of Prof. Stephen A. Forbes, chief of the state natural history survey, has been started in extreme southern Illinois.

From the forested area of "Egypt," the party plans to extend its operations to the Mississippi bluffs and over the broken lands bordering the more important streams of the state.

Professor Forbes and his party plan to compute the exact timber acreage of Illinois, its value, the number of varieties of trees and the uses to which each variety is put.

Reforestation of lands more suited for timber growth than anything else is the ultimate aim of the survey.

Although occupying first rank as an agricultural and industrial state, and in this capacity most widely recognized, Illinois has many forest areas still more or less in their primitive state. Many other lands that have been cleared for agricultural pursuits are more adapted to forestry, and among the possibilities of the years to come as the result of the Forbes survey are new woodlands.

Discussing the survey recently, Professor Forbes said:

The state natural history survey of Illinois, a division of the state department of registration, and education, has now in active progress a systematic survey of the forest areas of the state, carried on by a party of trained foresters, who are making careful counts and measurements of the different kinds of trees on sample strips or plots to get the data for a computation, for each kind of tree, and the number of cubic feet per acre suitable for railroad ties, mine props, fire wood, etc.

"Other studies are being made of the rate of growth of the different species of trees on different soils and under different conditions as to subsoil, slope, and drainage, the whole investigation being in the nature of a stock-taking of Illinois woodlands for a determination of their value as public and private resources.

"Statistics are also being collected of the consumption of timber by the different wood-using industries of the state, the local supplies available for each, and the time which these will last at present rates of use.

"The forest survey will also report upon the kinds of management necessary to maintain production, the most important of which is evidently protection against damage by fire. These studies will presently be extended to deforested areas in order that normal agricultural lands may be clearly distinguished from those which should be kept in forest or restocked with trees as the most profitable use to which they can be put."

RURAL ROUTE 4

Fred Hall was a visitor at the home Saturday night and Sunday morning.

Frank Rolf was a caller in Jacksonville Tuesday.

Mrs. John Shay and daughter were shoppers in Jacksonville Tuesday.

Mr. and Mrs. B. M. Kinnett of near Orleans were over seeing his work on his place near Arcadia Tuesday.

Mrs. Margaret Sharp and son Hubert Ivan were week end visitors near Beardstown last week.

Fred Hall was a visitor to Springfield Sunday afternoon.

Harvey Briggs and family spent Sunday with John Shay and family.

Ed Houston returned home last Wednesday from St. Louis.

Sam Birdsell passed thru Arcadia last Friday.

West Birdsell who has been ill for some time does not seem much improved.

The little daughter of Mr. and Mrs. S. M. Elmore, who has been threatened with bronchial pneumonia, is much improved at this writing.

William Twyford was a caller in Jacksonville Tuesday.

NEW INSTRUMENT FOR BUILDING BRIDGES

WASHINGTON—(By the A. P.)—A new instrument which it is believed will do away with uncertainty in designing and building bridges has been devised by the Bureau of Public Roads of the Department of Agriculture. The instrument measures with scientific precision, every shock and blow delivered by moving vehicles in crossing a bridge.

The device, which can be attached to any part of the bridge structure, makes a photographic record of the effect of the moving load. The amount of stretching or shortening due to shock is represented by a fine black line on the photograph. No blow or shock can be delivered so quickly that the instrument will not record it.

As engineers heretofore have been unable to measure the effect of quick impacts or to proportion the various parts of a bridge with absolute assurance it has often been necessary to make a liberal allowance for this unknown quantity. In some cases the allowance has not been sufficient and bridges have collapsed under moving loads.

Recent experiments with motor trucks have shown, it is said at the bureau, that a swiftly moving truck make strike a blow equivalent to seven times its actual weight.

THE CATHOLIC LADIES AID

Wish to thank the merchants and all others who helped make the bazaar a success by their contributions, and especially, Ralston and Reid for the use of their window to display the cedar chest and its contents.

BRIDGE LUNCHEON AT HOME IN PRENTICE

Pleasant Social Affair Given at Home of Mrs. Floyd Fry in Honor of Miss Louise Thompson, Soon to Be Bride

Mrs. Floyd Fry and Miss Lois Wyatt entertained at a bridge luncheon Thursday at the home of the former in Prentice. The affair was in honor of Miss Louise Thompson, who is soon to become the bride of Arthur Luers of South Springfield. The guest of honor received a beautiful bride's book as the gift of those present. All the appointments for this social affair were made on an elaborate scale and the event proved one of the most pleasant given in the community in recent months.

The guests were Mrs. Edgar Boynton, Mrs. Emory G. Irwin, Miss Jessie Johnson, Misses Kathryn Miles, Dortha Buckley, Marjorie Baker, Jessie Watkins, Mrs. Lloyd Mitchell, Mrs. James Cheney, Mrs. Samuel Thompson, Mrs. Struble Batterton, Mrs. Lee Terhune, all of Petersburg; Misses Ruth Way, Helen Skiles, Christine Sleigh of Virginia; Misses Marjorie Taylor, Virginia Beggs, Marie Haggard, Dorothy Strubling, Mrs. Uel Sinclair, Mrs. William Baxter, Mrs. Glenn Strubling and Mrs. John Beggs, Ashland; Miss Frances Purvins, Pleasant Plains; Mrs. Robin Strawn, Sinclair, Miss Marie Wiswell, Jacksonville.

ZION

Mrs. Sarah Jane Gilmore and daughter, Mrs. Frank Ballard and daughter-in-law, Mrs. Lamont Gilmore and son of near Roodhouse and Mrs. Ida Wagstaff visited last Wednesday with Mr. and Mrs. Andrew Reid.

Mr. and Mrs. Robert Wagstaff of Franklin, Mr. and Mrs. Roscoe Walton of White Hall and Mr. and Mrs. Virden Wagstaff spent Sunday with Mr. and Mrs. Harry Ozburn and family and accompanied by Mr. and Mrs. Ozburn and uncle, Frank Spencer, called on Mr. and Mrs. Andrew Reid the afternoon.

A jolly bunch of young people with a few older ones went to the home of S. H. Ash Monday evening, a social good time was spent after which refreshments were served. The affair was in honor of James Ash who leaves this week for his home in Kentucky.

Mr. and Mrs. William Chiles of Springfield spent Friday and Saturday with the latter's sister, Mrs. Lillie Bracewell and family. Mrs. Jennie Petri of St. Louis is visiting at the home of her niece, Mrs. Mae Jordan.

Mrs. Joseph Harper and son took Sunday with Henry Simmons and family.

Mr. and Mrs. Leonard Wilson

CATHOLIC LADIES AID BAZAR A SUCCESS

The Catholic Ladies Aid bazar which was held last Wednesday and Thursday was a very successful one. The Liberty Hall was packed each night and much interest was taken in giving away the different articles that the people had chances on. The most interest was shown in the cedar chest and its contents which was won by Mrs. A. C. Kingsley; silk umbrella was won by Mrs. J. W. Murray; man's hat, Louis Cain; dinner set, Otto Schumm; blanket Mrs. Mary Cosgriff; five dollar bank account, Miss Marie Walsh; quilt, Miss Lillian Rosenthal; ham, Mrs. J. W. Gibson, box of candy, Miss Mamie Kelly; sweater, Mrs. D. M. Keating; picture, Miss Bell Olinerson, and buffet set, Leo Clancy.

SINCLAIR LADIES HELD MARKET

The Sinclair Ladies Aid held a market Saturday at Dorward's Market for the benefit of the Anti-Tuberculosis Sanitarium. Everything the ladies had was sold and they were very successful. The market was in charge of Mrs. Frank Greco and Mrs. Charles Bealmeier.

ARE VISITORS IN CITY

JOINT RECITAL WILL
BE GIVEN AT I. W. C.

Misses Miller, Kirby and Sapio of Faculty Will Appear on Attractive Program at Music Hall Monday Evening.

A joint faculty recital will be given

by Miss Florence Kirby, pianist, and Miss Louise Miller, soprano, in Music Hall on next Monday evening Nov. 14 at 8:15 o'clock.

Considerable local interest is aroused as this is Miss Kirby's first formal appearance in recital before a Jacksonville audience. She has had much successful experience in concert

work. The work of Miss Miller is too well known to need comment. Miss Olga Sapio, pianist, of New York will be at the piano for Miss Miller and will assist Miss Kirby with the orchestral parts at the second piano in the Grieg Concerto.

The following attractive program has been prepared and the public is cordially invited to attend.

1. Theme and Variations in F Minor.....Haydn
2. Pastorale.....Beethoven
3. A Widow Bird Sat Mourning.....Lidger
4. Lullaby.....Scott
5. Snowflakes.....Mallison
6. Prelude Op. 28 No. 21.....Chopin
7. Prelude Op. 28 No. 22.....Chopin
8. Ballade in G Minor.....Chopin
9. Aria—Spring Song of the Robin—Woman from Shanewis.....Cadman
10. Humoresque.....Rachmaninoff
11. Romance in D flat.....Sibelius
12. Sedgwickia.....Albeniz
13. Her Love—Song.....Salter
14. The Scout of the Roses.....Bassett
15. Bird of the Wilderness.....Horsman
16. Concerto in A Minor.....Grieg
17. Allegro Molto Moderato.....Grieg

Conservatory Notes

A joint recital will be given by Mr. Kritch and Mr. Quast, accompanied by Mr. Munger, next Thursday evening, November 17th, in Northminster church. The program will be published later. A number of compositions of Miss Carrie Dunlap and Frederick G. Meyers will be presented by Messrs. Kritch and Quast, with the composer at the piano. The public is cordially invited to attend.

Miss Ruth Melba Armstrong is singing a solo at the Chapel exercises on Friday morning, November 11th, Armistice Day.

At the next Phi Omega meeting on Tuesday, Nov. 15th, there will be a paper by Mildred Fredlin, Current Events by Mary Duncombe, piano solo, Ruth Dorwart, vocal solo, Blanche Tripp, violin solo, Eloise Capps.

Miss Mary Laird will play violin solos at the dedication of the new High School in New Salem this week. Miss Helene B. Sorrells is playing violin solos, accompanied by Mr. Kritch, for the Jacksonville Woman's Club at the High School on Saturday afternoon, November 12th.

Miss Armstrong and Mr. Quast Day exercises held in the High School sang in a quartet at the Armistice Day exercises held in the High School Friday afternoon, Nov. 11th.

Mrs. Bullard is making a visit to her daughter Miss Virginia in Chicago the week of Nov. 13.

NOTES

Mrs. Minnie Hoffman-Higbee, violinist, accompanied by Miss Belle Melhus, both of the College of Music faculty, gave a short musical program at the David Prince school Thursday morning.

The second of the series of faculty recitals, a joint recital by Miss Louise Miller, soprano, and Miss Florence Kirby, pianist, will be given at Music Hall Monday evening, November 14 at 8:15. They will be assisted by Miss Olga Sapio, pianist and accompanist. The public is cordially invited.

The first number of the Artist course will be a recital by Maurice Dumesnil, famous French pianist, at Music Hall Monday evening, Nov. 21st at 8:15. Mr. Dumesnil will open his present concert tour, which includes seventy cities and extends from coast to coast, at Kimball Hall Chicago, Nov. 15. Mr. Dumesnil is famed as a conductor as well as pianist, and it was in that capacity he appeared in several of the large South American cities on his recent tour of that continent. His Jacksonville program will include selections from the old Masters Haydn and Beethoven and from such moderns as Ornstein and Debussy.

Miss Belle Melhus, Mrs. Minnie Hoffman-Higbee, and Mr. John Kerns of the College of Music faculty furnished the music for the wedding of Miss Hull at Pittsfield Saturday, Nov. 12.

Mrs. Marguerite Palmer Forrester, soprano, sang solos at the Armistice program given at the High School auditorium Friday afternoon.

THE STORY OF A DOLLAR

A dollar rolled into the office recently, sat down on the edge of the desk and rubbed his silver face.

"Well," he said wearily, "I've had a busy year. Gosh, but I'm glad you didn't put me in the bank or pay me out on your car."

"You'd better be glad you didn't go to pay the income tax," I responded coldly, "Where have you been all this time? Sit down and give an account of yourself."

"I've been spending most of my time among the ex-service men," he admitted, "Do you know that in this country there are at present 25,000 ex-service men in the 66 U. S. P. H. S., hospitals served by the Red Cross? I have been visiting these institutions where there are hundreds of men dying of tuberculosis contracted thru the war, and where other men live year after year in plaster casts because of a bit of shrapnel in their spines as well as the Psychiatric hospitals where the boys we sent away in 1917 scream and rave and have to be behind bars till they die. Ten million of my dollar friends went to help the ex-service men last year and thru the Federal Board of Vocational Training we have helped 80,000 ex-soldiers thrown out of work because of disability back into normal life. And those 80,000 men represent at least 250,000 women and children dependent on them. Ah, no, the war isn't over by any means. In the hospitals and sanatoriums it is still being fought."

He paused a moment and stroked the E Pluribus Unum on his brow, then continued pensively, "Ah, yes, I've seen some strange things since you sent me away last. I've been in seventy disasters in the United States alone—calamities like the San Antonio and the Pueblo floods. I have stood with the doctor and the Red Cross nurse alone in cities laid waste by wind or earthquake and have heard the cries of the dying mingle with those of the living for the dead. I have been with the Public Health nurse in mountain towns and in far remote places where she did everything from bathing the new-born baby to burying the dead. And I've been in Europe too, among Mr. Hoover's babies—and seen 3,500,000 little children saved to civilization thru the European Relief Council."

"You have certainly earned a vacation," I assured him. "Do you want to spend a quiet life time in the Safe Deposit Vault—or how about a few months in the baby's bunk?" Either one is guaranteed to be restful."

The Dollar hesitated so long that I could see the eagle's feathers quiver.

"If it's all the same to you I would rather keep on working," he explained thoughtfully. "I can't do a whole lot of good as a gentleman of leisure. Helping soldiers and feeding dying babies is much more in my line."

"I wish they all felt the same way about it," I said as I put him back on the Red Cross Roll Call.

GRADS MEET AT GAME

A pleasant reunion of former high school team mates took place Friday at the Illinois-Eureka football game when Weber of Illinois, recognized Reid, Baker, Taylor and Warren of Aurora, playing on the Eureka football team. They all met in the gymnasium after the game together with Allen Troyer, who has been visiting here, and Leonard Frost, who has located here.

MUD RESTRICTS TRAFFIC

Auto drivers who were forced to travel roads not oiled Saturday, found plenty of mud to hinder their progress, though the oiled thoroughfares proved generally, to be passable.

Mrs. Edward Thompson of Virginia was over to the city yesterday.

SOCIAL IN HONOR OF
ARENZVILLE PASTOR

Rev. Mr. Mitchell of Presbyterian Church Is Guest of Honor at Social Given Recently — Other Virginia News.

Virginia, Nov. 9.—Members of the Presbyterian church gave a social recently in honor of their pastor, Rev. Mr. Mitchell. The event took place at Odd Fellows hall and music and a social good time made it very pleasant for the large company present. Refreshments were served during the evening.

Mr. and Mrs. Henry H. Kuhlman returned Sunday from Beardstown where they spent several days visiting with their son, Ernest and family.

Mr. and Mrs. William Niehaus and daughters, Mary and Emma, spent Sunday with Edward Roeger and family near Meredosta.

Mr. and Mrs. Lee McGinnis and sons of Jacksonville were calling on friends here Sunday.

Mr. and Mrs. Oliver Zahn and two little daughters spent Sunday at Virginia, guests of Mr. and Mrs. Orr.

Mr. and Mrs. Theodore Hierman were recent shoppers in Jacksonville.

Mr. and Mrs. Henry Naylor and sons, Herbert and Harold, spent Sunday at Pittsfield.

Mrs. Hillig and daughters of Virginia spent a few hours with friends here Sunday.

Miss Wanda Proudfoot, a student in college at Peoria, is visiting her parents here for a few days.

Mrs. Lee eBard and daughters, Mrs. Joseph Dresbach and Mrs. Fannie Springer, spent Friday in Beardstown.

Mrs. Frank Pfolsgrat entertained the R. N. A. at her home Wednesday.

Dr. and Mrs. Louis Kirschner and children and Miss Velma Kirschner of Chandlerville spent Sunday here with relatives and friends.

Mr. and Mrs. Henry Kunzeman and children of Hull, Pike county visited relatives here Saturday and Sunday, guests of the latter's sister, Mrs. Lawrence Wessler and husband.

WOMAN'S COLLEGE
NOTES

On Thursday the students were delighted by the return of Dr. Ira Landreth for a brief Chapel talk. His message was a great inspiration and delight to both students and faculty.

Mrs. Marguerite P. Forrester of the faculty of the College of Music is a personal friend of Dr. Landreth and was greatly delighted with the opportunity of renewing the friendship formed while she was a teacher under his presidency at Ward-Belmont Nashville, Tenn.

The Junior-Freshman party which was held Saturday night was in the nature of a backward program; even the entrance to the gymnasium was through the back door, and ball games were played backward. This is the first of a number of class parties that will be given during the year.

Interesting Armistice Day exercises were held in the Chapel Friday morning at the regular Chapel hour. Following this, the students marched in procession to Fayette street where they joined in the general parade.

Clifford Devereux will be at the college on November 28 and will present two plays; the Romanians in the matinee performance and Rosmersholm by Ibsen in the evening performance. Mr. Devereux is an artist of national reputation and his coming to Jacksonville will be a great event in the interest of all lovers of clean drama.

Miss Lulu D. Hay, a member of the faculty now on leave of absence in Chicago where she is doing some advance studying, has been appointed by President Barker to represent the college at the Convocation of Colleges to be held in Chicago Sunday and Monday, the meeting to be held in the Colonial theater.

INTERESTING FACTS
ABOUT THE SOCIAL
SERVICE LEAGUE

"I am in great trouble," a little woman said, who had no need of material relief. "I heard you say once when you were telling a group of people about the work of the Social Service League, that you do your work quietly and without betraying the confidence of those you help and that is why I have asked you to come and see me and give me your advice."

The personal touch is represented in part by the following record of the Social Service League for the past seven months for the families in which it is interested:

Family Welfare Department
Visits in the home.....435
Calls on interested individuals.....463
(Including friends, relatives, employees, physicians, teachers, etc.)
Office interviews.....734
Total visits.....1832

Probation Department
Visits in Jacksonville.....120
Visits in county.....20
Court hearings.....19
Total visits.....159

Too Much Red Tape

Because we insist on knowing the facts that lie back of every situation referred to us some ask the question, "Is not too much time spent on red tape?" Yet no

intelligent person would think of accusing a doctor of using red tape because he stopped to take the patient's temperature or feel his pulse before giving medicine. It is equally necessary to know the facts that lead to poverty or desertion or delinquency, which are social diseases, before a remedy can be applied.

The following list shows the problems in the forty-five new situations that were referred to our Family Welfare department from March 1 to October 1, 1921:

Physical disability.....23
Unemployed.....4
Domestic infelicity.....4
Indebtedness.....2
Old age.....2
Neglected children.....1
Sexual immorality.....1
Moral insanity.....1
Care of children.....1
Drug habit.....1
Eviction.....1
Begging tendency.....1
Intemperance.....1
Children under 16 working.....1
Insanity.....1
Imprisonment.....1
Normal income too low for size of family.....1

Who would dare try to solve these problems without first striving to learn the causes that lead up to them?

Petit and Très Charmant
This Girdle-Style Roberta

How slender women will delight in this soft supple lace-in-front Roberta—the idealization of the popular girdle-style.

Made in fancy pink brocade, bound in pink satin ribbon ornamented with a dainty frill of lace.

Just a few bones, placed where you need them, and the self-adjusting Roberta shield easily adjusted, give a perfect fit with comfort.

This model is the ideal sports and dancing corset—you will never remember you have it on except for the smart way your clothes set.

Price is another inducement—this de luxe little corset is only \$5.00.

How We Design Robertas

On living models of perfect proportions, which allows our designer to produce figure-moulding corsets which insure the wearer lines of grace and charm.

For this reason Robertas are most successful in producing the fashionable natural figure effect.

There is a Roberta corset for every figure from slim to stout, each of which makes the wearer look her best. To see the line and have a fitting, it will introduce you to the ideal corset.

MISS COCHRAN WRITES OF RED CROSS WORK

The following communication was received by the Morgan county Red Cross from Miss Gladys Cochran, who is in the service of the American Red Cross in Czechoslovakia:

"American Red Cross, Dvur Kralove, Czechoslovakia, October 6, 1921—Your letter of September 13, addressed to the American Red Cross, Prague, Czechoslovakia, was forwarded to me here and arrived October 1, which I consider good time. Surely I was glad to hear from you and assure you it is a pleasure to comply with your request for news of the American Red Cross in this far away land and the needs of the war-stricken people.

"After a week in Paris, I reached Prague on August 16, and found a most interesting old city of cathedral spires and towers spanning the Moldau river. In the hotels and restaurants one does not notice a lack of food except that milk is scarce. However, we learned in the stores and homes that sugar and flour are high and the latter scarce, making it necessary for the city and town officials to issue tickets which entitle those below a certain income to reduced prices.

"To an American, prices seem very reasonable due to the present rate of exchange which is varying from eighty to ninety-three kronen (approximately) to the dollar. When you compare this with five kronen to the dollar before the war it is easy to see how that this alone works a hardship on the local people.

"I was temporarily assigned to one of the American Red Cross dispensaries in Prague and while visiting the homes there I found in evidence the ravaging poverty which we Americans have been called upon to assist in relieving. It would be hard to reckon what has been accomplished by the American dollars, but to say that I am seeing for myself how they put bread into thousands of empty cupboards and clothed anemic, shivering little ones is reward enough for the effort and money spent.

"The scarcity of living quarters has been a great problem here. It has been necessary for the government to take a census of room and require persons having over a certain amount of space to the person, to rent it. Among the poorer classes it is more common to find a family of six to eight in number living in one room rather than two or more—due to sheer poverty, however, as well as lack of space. Picture me at first trying to solve the geography of sleeping quarters when there are usually only two or three narrow beds in sight in the one room. It is simple enough now—the excess in number sleep on the floor, but I have not yet decided how father gets any sleep when he works at night as many do.

"The second week of September, Miss Ruth Murray, from Georgia and I were assigned to a station and left the allurements of the city, to blaze a trail in Dvur Kralove, a Czech town of about 14,000 inhabitants, a small minority being German. This is one of twelve dispensaries opened by the American Red Cross in Czechoslovakia and by October 15 the total number planned for, twenty-three, will be in operation according to the present schedule.

This Cat Catches No Mice

This is Miss Marjorie Rothschild who just returned to New York from Paris. Her cat's name is Minouche. It catches no mice, for it is a toy cat, the latest rage with the mademoiselles of Paris.

Our aim is to reach every child under fourteen years of age and by medical examination and observation, bring them up to a standard of health which will give them a chance in life. Food is the first great need—also clothing is sadly lacking, due to small wages and high prices.

"Out of six homes where I called this morning, only one had two rooms, the remainder but one. In one home of the latter type, the mother asked for bedding in order to make the children a little more comfortable on the floor. There were eight in family and only two of the narrow beds described. The family which had two rooms had recently been able to install a fourth bed, but it was merely serving as an ornament as they had neither mattress nor covers. But the Red Cross gave them some covers last year and they hoped more could be had this year for there is one more in the family. I saw to it that more covers did come for the father of the flock was helpless to do more with only an average of \$60 kronen a month, approximately \$19.00. Sweaters and stockings were also provided—and by the way, I never give out any of these supplies that I do not wish those in America who made them or gave the money for the material, could see how greatly they are need and appreciated.

"Perhaps you would be interested in a day's work. The morning hours are spent in the homes—the nurse seeing to it that the medical instructions are carried out and the social worker trying to unravel domestic difficulties. The calls are made separately, however. From two to five each afternoon, and Saturday morning, the local physician paid by the American Red Cross examines from twenty-five to thirty children in the dispensary. In addition to this routine work, home nursing classes are being planned and an effort to combat tuberculosis is being made, both through educational means and improving living conditions.

"One important part of our work is to train workers who will be able to carry on the work after the withdrawal of the Red Cross. Funds are provided for this purpose and there are student workers at each station.

"Personally I am comfortable, living at 'The Grant hotel,' though it is not all the name implies. And I am having good food though of course milk pies like mother makes, to say nothing of good brown bread. They serve long, narrow rolls here three times a day, all decorated with caraway seed. The chief cause for scarcity of milk seems to be on account of the Austrians taking the cows, and those that are left are in many cases tubercular. Therefore, all the milk is boiled.

"There seem to be many goats, which reminds me of one of the families with six children where I called recently. They were mourning the loss of their pet goat which they had to sell to pay their rent so the little ones cannot have milk now.

"Really I am very happy and do enjoy the work so much, although I admit I am beginning to wonder what is going on in the big world outside. I had not seen an English newspaper for three weeks till today.

"I am sure the fifth Red Cross Roll Call in Jacksonville will more than go over the top and I shall look forward to a full report. Please collect my membership from my family at 305 West College avenue.

Best wishes and much success to you.

"Signed,
Gladys L. Cochran."

ROAD BUILDING FACTS WILL BE GIVEN

Enormous Development in Industry Shown by Records of Past Few Years

NEW YORK, Nov. 12.—The enormous development that has characterized the American road building industry since the advent of the motor vehicle, will be exemplified in the annual meeting and "get-together" dinner of the American Road Builders' association at the Automobile

club of America, this city, November 15. At this meeting the association will install officers for the ensuing year and initiate plans for its twelfth good roads congress, thirteenth national good roads show and nineteenth annual convention to be held at the Coliseum in Chicago, January 17 to 20, next.

Survey Facts
"Very few people realize," said E. L. Powers, secretary of the association, who has just completed a survey of the American road building industry, "that highway construction has become one of the country's greatest industries, ranking well up with construction in general and manufacturing in particular. There are identified with it 80,000 federal, state, county, township and city highway officials, 7,000 road contractors, 2,000 bridge contractors, 1,194 manufacturers and dealers in road building machinery, materials and appliances, 7,338 firms manufacturing highway transportation equipment, 15,000 civil and highway engineers, 10,000 automotive and chemical engineers and 842 national, state and local highway associations and engineers' and contractors' organizations, not to speak of the many publications devoted to good roads."

Big Funds Invested
"In addition to these there are 7,338 firms manufacturing trucks, tractors, automobiles and other vehicles dependent upon good roads and having a total capital invested amounting to \$6,000,000,000, an amount exceeding one-third the capital of the country's railroads, and an annual output of 1,500,000 passenger cars valued at \$1,410,000,000; 300,000 commercial cars valued at \$400,000,000;

165,000 tractors valued at \$225,000,000. The 7,000 road contractors have a total capital invested of \$65,000,000."
"There are 7,755 banks, trust companies and bond houses dealing in street and highway bonds to the amount of \$500,000,000 last year, with total capital amounting to \$1,118,603,000 and net earnings of \$240,000,000 a year. There are 206 firms manufacturing Portland cement for road building with an annual output of 125,000,000 barrels valued at \$75,000,000 and total capital amounting to \$366,914,110. There are 127 firms manufacturing paving brick valued annually at \$7,145,000 and capital invested totalling \$17,620,000. The wooden paving block manufacturers number forty-six and their output of 59,000,000 blocks is valued at \$4,000,800. Their invested capital totals \$4,500,000. There are twenty-three manufacturers of granite blocks with capital invested of \$5,996,000 and an annual output of 26,000,000 blocks valued at \$1,547,000. The dealers in crushed stone number 300 with an annual output of 9,700,000 tons for road purposes annually that are valued at \$9,500,000. \$27,900,000 in capital is invested in this branch of the industry."

Other Financial Facts
"Three hundred and forty firms producing annually 23,000,000 tons of sand and gravel of a total value of \$13,000,000 and having a grand total of \$9,130,000 invested capital, are involved in road building. In addition to all these there are 185 firms manufacturing miscellaneous road materials and specialties with an output valued at \$31,160,000 annually and capital invested to the extent of \$20,566,000, and forty-two companies manufacturing asphalt with an annual output of 1,000,487 tons valued at \$44,610,000 and total capital of \$126,000,000. There are fifty-two dealers in second hand road machinery and hundreds of firms manufacturing cables, wire, picks, shovels, oils, greases, gasoline, tar, pitch, culverts, bridges, explosives and other material and appliances used in highway construction."

"It is one of the axioms of business that the past is an index of the future. Road building is largely in its infancy. Eighty-five per cent of American roads are yet to be surfaced. The automobile has merged city and country and we have reached the point where advancement in production and trade hereafter will be more dependent upon careful maintenance of the highways now existing and the rapid growth of the entire automobile industry as well as that of road building and all its branches are absolutely dependent upon good roads."

"At a recent drawing of space for the good roads show in Chicago, 95 per cent of the 40,000 square feet of space was taken, breaking all records and necessitating the use of additional buildings to house the exhibits. Close to \$1,500,000 worth of labor saving machinery and appliances will be exhibited."

"At the good roads congress, to be held during the exposition, many subjects of importance to highway users will be discussed, including the elimination of the grade crossings, strengthening bridges to carry ever-increasing truck loads and a more equitable distribution of taxation for the construction and maintenance of highways. Last year federal, state and municipal taxes on motor vehicles reached the staggering sum of \$316,720,000—equivalent to \$34 per car. Governors of states, county commissioners and mayors of cities throughout the country will be asked to appoint delegates to the congress."

Veron Miskell, 326 East College avenue, a first class Scout has received from national headquarters, Boy Scouts of America, a certificate and merit badge for signalling. He is a member of Troop 5.

Bert Courier of Ashland was added to the list of city callers yesterday.

BIRTHDAY CELEBRATION OF DOCTOR PASSAVANT

Rev. William A. Passavant, the man for whom a hospital in this city is named, began his career in Pittsburgh, Penn. The management of the great hospital, which he founded in the "smoky city" decided to celebrate the one hundredth anniversary of his birth and the Journal is in receipt of an invitation to be present on that occasion.

The gentleman was born in Zelineole, Penn., and died June 3, 1894. He was of the Lutheran faith and began his career as the pastor of the first English speaking Lutheran church of that city.

But the work of caring for a church was far too small for a man of his great capacity and his activities gradually increased until the Master alone knows the amount of good he accomplished.

In early life he made a trip to Germany where he became acquainted with the hospital work of the Order of Deaconesses under the auspices of the Lutheran church.

With an English shilling and faith in God as capital with which to work toward the realization of the vision he had caught of service to the sick, he first rented a small building in January, 1849. Two soldiers, sick, neglected, and suffering from ship fever, were the first patients of the infant institution. These were sought and found by the young minister and his helper on the New Orleans packet, at Monongahela wharf.

The furniture of this newly-opened hospital consisted of two beds, a table, cook stove and a few chairs, and from this beginning grew the present superb institution, capable of caring for 150 patients. During 1920, a total of 3,990 patients were received and there has been a daily average of thirty-eight free patients.

From Pittsburgh Dr. Passavant extended his work, establishing hospitals in Milwaukee, Wis., Chicago, Ill., and Helena, Mont., besides an epileptic home in Zelineole, Penn. In addition to these, many institutions, as the one in Jacksonville, bear his name.

The early struggles of the local hospital need not be recounted. Its old time friends remember the old college building with four large rooms. Three of these served as men's ward, women's ward and kitchen, while the fourth was used as the office, reception room, nurses' home and operating room.

The struggle for the new roof after using tubs, pans and buckets to catch the drippings coming through the old covering; the cost of the East State street pavement and the other various improvements are matters of history. The work it is now doing, its fine equipment and its excellent management have proven credit to the city and the entire community.

You'll have to hurry if you get one of those nice Clansman pigs. Better be safe than sorry. Sold four yesterday, male and three gilts to Edward Petefish of Virginia, and a male to Fox Bros., Sinclair, two gilts to J. DeOrnellas. They like GIANT CLAN and his get. So will you, and they are on the bargain counter.

L. O. BERRYMAN

BURN CHINCH BUGS BEFORE MARCH

DANVILLE, Ill.—(By A. P.)—"Burn your bugs before March" is the advice given to Illinois farmers by W. P. Flint, field entomologist for the state. While chinch bugs are going into winter quarters.

"Chinch bugs winter along the south and west sides of hedges, brushy fence rows, ditch banks, the edges of woodlands and brush and briar patches, especially in neglected fields and pastures," Mr. Flint said. "Most of the bugs will be in winter quarters by the last of November."

"Every farmer should begin planning with his neighbors to burn the bugs before early March. The earlier the burning is done, the better. Experiments show that 50 to 75 per cent of the bugs can be destroyed."

SERVICE

What Is Service?

We believe some of you may have forgotten what constitutes service.

We believe giving service means just this:

- 1st—Be courteous and prompt.
- 2nd—Get your customer right—the first time.
- 3rd—Perform your work in an expert way.

In maintaining an organization with equipment, we are doing it to please our customers. All we ask in return for our effort is try as hard to do your part as we try to do ours.

Did you ever notice how much trouble you caused in the world by expecting more than you were willing to give.

Yours for Better Service

A National Demonstration to Save Women

Dr. H. H. Tice of The Emerson Engineers reading the pedometer on the operator. Note the stop-watch in his other hand.

Save 349 Steps on Breakfast Alone with a

Napanee Dutch Kitchenet

NOW we know how housewives exhaust themselves each day. We know, too, how they can prevent it. We are joining a national demonstration to tell all women of the uselessness of this exhausting fatigue.

By scientific measurement we know that 2,112 steps are taken in getting three simple meals every day in the average kitchen. Scientific tests prove three-fourths of these needless steps can be saved. The physical effort is reduced to one-quarter. The vast importance of these discoveries cannot be exaggerated.

They are the result of scientific time and motion studies of the preparation of meals under the direction of Mr. Harrington Emerson, foremost efficiency engineer.

Mr. Emerson scientifically compared the work of getting meals with and without a Napanee Dutch Kitchenet. Thousands were spent on these studies. Each motion was timed and each step was recorded by stop-watches and pedometers. Two foremost domestic scientists were consultants in the preparation of countless dishes under this scientific observation. Amazing discoveries resulted.

Save 1,592 Steps Every Day

Mr. Emerson found that 455 steps were necessary in an average kitchen to get a simple breakfast without the Napanee. Then 349 of these were saved by the use of the Napanee.

He found that 599 steps were saved in getting luncheon. 734 steps in getting dinner. His discovery was at the end of the most distressing hardship housewives suffer—exhausting fatigue.

These astonishing savings are possible because the Napanee is scientifically designed to make every motion and every minute count. Its superior construction, its new and greater conveniences are the reasons for its amazing value to women. Come and let us show you these superiorities today. Let the hard strain of kitchen work end now. Come and learn with all the women of America of the new kitchen era.

A Statement by Mr. Harrington Emerson

It is clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination;
- 2—Saving of time;
- 3—Standardization of work.

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.

Harrington Emerson

Mr. Emerson is a member of the Committee on Elimination of Waste in Industry, founded by Mr. Herbert Hoover.

Church Services Today

First Church of Christ, Scientist—323 West State street. Service: Sunday 11 a. m. Subject of the lesson sermon, "Mortals and Immortals." Sunday school at 9:30 a. m. Wednesday evening, testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

Central Christian Church—Myron L. Pontius, minister. Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. The increase in interest and attendance is very encouraging but there is room for more. Morning worship at 10:45. The theme of the sermon will be "A Prince of God." Evening worship at 7:30 with sermon on the theme "The Ministry of Suffering." The good audiences at the church services are inspiring. Music at both church services by the church choir. Solos by Mrs. Wehl and C. S. Ratcliffe. C. E. meetings at 6:30. Miss Katie Vee Clarkson will lead the seniors, Miss Virginia Smith the intermediates and Miss Lola Phillips the junior. The public is cordially invited to attend the services of the day.

First Baptist Church—Sunday school is held at 9:30 a. m. Don't go through life ignorant of the teachings of the best book in the world. Superintendent Kopper has a class for you. Drop in. Morning worship is held at 10:45 a. m. The pastor, Rev. A. P. Howells will preach on the subject, "An After Breakfast Question." Miss Ollie Engel is at the organ. Mrs. Hackett Wilder leads the singing, and the quartette does the rest. You are welcome. The Mission Sunday school meets at 2:30 p. m. every Sunday. "Bible Examples of Personal Evangelism" is the subject of both the Senior and Intermediate Baptist Young People's Unions which meet at 6:30 p. m. The Sunday school orchestra will play at the evening service at 7:30 p. m. The ser-

mon will be "Peace." At the Wednesday evening service at 7:30 p. m. the pastor will give a chart talk or bible reading on the subject, "The Soldier of the Cross."

Salern Evangelical Lutheran church—College and East streets. Rev. J. G. Kuppler, pastor. Twenty-fifth Sunday after Trinity. Sunday school at 9:30 p. m. On Monday evening at 8 o'clock a lecture will be given by the Rev. Schuelke of Secor, under auspices of the Luther Walthor Circle, on Dr. Martin Luther with particular reference to his stand at Worms in 1521. The public is cordially invited. A silver offering will be lifted to defray expenses. Come and bring your friends.

Grace Methodist Episcopal church—Thomas H. Tull, pastor. Sunday school at 9:30 a. m. T. V. Hopper, superintendent. Our aim is every member of the church in Sunday school, and every member of the Sunday school in church. You are needed in carrying out this plan. Under the leadership of John Kearns, the orchestra is proving a great help. All departments and classes are showing a fine interest. Come early. Morning worship at 10:45. Theme of sermon: "The Supreme Man." Intermediate league at 2:30 p. m. Miss Agnes Davis, superintendent. Epworth league at 6:30. Miss Wilma Williamson will be the leader. Evening worship at 7:30. Theme of sermon: "The French Revolution." What causes revolutions? Will there be others? Do the same social conditions that brought on the French revolution exist today, and if so, to what extent? What is the remedy? Good music at all services. Come and bring your friends. The program of music for the day is "Savior, Thy Dying Love," Berwald; "The Radiant Morn Hath Passed away," Woodward, for the morning service. In the evening "I Sought the Lord," Stephens, and "Rock of Ages," Buet. Prof. Henry Ward Pearson, organist and choir master. The official board will hold their November meeting Monday evening at 7:30. All members requested to be present. Beginning with Monday evening the Epworth league will observe "Win-My-Chum-Week." Good leaders for each evening. All our young people are asked to co-operate to the fullest extent in this brief evangelistic campaign. Young people in the high school and colleges will find these meetings very helpful.

Brooklyn M. E. Church—G. W. Randle, pastor; J. H. Reid, S. S. Superintendent. Sunday school at 9:30 a. m. Three young people will speak on "Billiards and Pool." Public worship at 10:45 a. m. and 7:30 p. m. Morning theme, "Does the Modern World Need Jesus?" Evening, "Forgiveness." Junior league at 6:30 p. m. and Senior league at 6:30, subject "Bible Examples of Personal Evangelism." Leader, Harriette Cox. Church night this week will be held at the residence of J. W. Henley, 717 South Clay avenue. Subject, "The Christian's Most Important Duty."

Bethel A. M. E. church. R. H. Hackley, minister. 11 a. m., Preaching by pastor. Subject, "Christian Heroism." 2:30, Sunday school, Rev. J. W. Kirk, superintendent. 7:30, sermon by the pastor. Subject: "What Some Christians Miss." All men and women and friends of the church are invited to meet in separate session after the evening service. Come to the church of welcome.

Westminster Presbyterian church—corner of Westminster street and West College avenue—Thomas A. Smith, minister. Sunday school at 9:30 a. m. College students' class led by Miss Margaret Moore. Kindergarten class at 10:30. Morning worship at 10:45. Dr. Smith will give the sixth in the series, "Straight Talks to Young People." Topic: "Is There a Serpent in the Cards?" The allurements to gambling and betting today are no small peril. Miss Ainslie Moore will sing. Evening worship at 7:30. "The Chosen Prince," a great Old Testament film, will be given. Dr. Smith will preach upon the friendship of David and Jonathan. This film is said to be one of the finest. The Bible characters are made very vivid. The Christian Endeavor societies will meet at 6:30. Both the Intermediate and the Young People's. The topic will be "Bible Examples of Personal Evangelism." Matt. IV, 18-22, and IX, 9-10. On Wednesday, the 10th, the pastor will continue the study of Peter II, "The Patient Christ," with reference to Christian governments, showing more patience and forbearance for the sake of peace. On Thursday the Ladies' Aid society will hold their annual bazaar, for which they have been making preparations. The sale will begin at 1 o'clock in the social rooms of the church and supper at thirty cents per plate will be served at 5:30 and thereafter. The ladies are preparing a most interesting evening and expecting a large attendance.

Peace Presbyterian church—The regular services will be held Sunday, Nov. 13th. Sunday school at 2:30 and preaching by Rev. Thomas W. Smith at 3:30.

Congregational church—George E. Stickney, pastor; Mrs. A. B. Gregory, choir leader; Mrs. G. T. Stickney, organist. Church school at 9:30. Dean G. H. Scott, superintendent. Dr. Post's Bible class at 10. Morning service at 10:45 with sermon by Dr. E. H. Stickney. D. D. of North Dakota. Christian Endeavor at 6:30. Community Forum at 7:30. Louis Wallis of Chicago will speak on the subject, "The Great Social Awakening and Religion." Mr. Wallis is a well known author. His book, "Sociological Study of the Bible," is widely used as a text book in our

colleges. During the war Mr. Wallis was the official representative of the United States Department of Labor speaking for the federal government. No admission is charged. The other appointments for the week are as follows: Monday, Oceca Campfire, Junior Scouts. Tuesday, all-day meeting of the Ladies' Aid at the church in preparation for their bazaar Nov. 22. Yojasovi Campfire, Wednesday, all-day meeting of the Young Woman's Guild at home of Mrs. Abner hall on Diamond street. Boy Scout Troop No. 6. Prayer meeting at 7:30. Thursday, Okie Campfire, Saturday, Aokiya Campfire. Library open 2:30 to 5. Miss Georgia Fairbank, librarian. Chorus choir rehearsal at 5. Former Senator L. Y. Sherman will address the Forum on Nov. 20th on Law Enforcement. Each Forum meeting opens with special music and closes with a question period. Its purpose is to provide a popular service for the frank an open discussion of the problems of our democracy whose solution lies largely with the Christian people. You are cordially invited to share these services with us.

Northminster Presbyterian church—Walter E. Spoons, minister. Preaching at 10:45 a. m. and 7:30 p. m. Prof. Weber will preach both morning and evening. At the evening service he will talk on the subject—"Religion and Business." All the business men of Jacksonville are cordially invited to this service. Sunday school at 9:30 a. m. William Bieber, superintendent. Let all the members of the church stand by the superintendent in his efforts to build up the school. Christian Endeavor at 6:30 p. m. Prayer meeting on Wednesday evening. All are earnestly requested to be at this meeting.

Second Baptist church—Pastor, H. H. DeWitt. Morning subject: "A Mere Profession Amounts to Nothing." Subject for the evening service: "The Ragged Prodigal Coming to His Father's Home." Bible school at 2:30 p. m. Mrs. Laura LaFayette, superintendent. Mrs. Albert Moore and Mrs. Revis will provide loving care and attention to those little people attending their respective school departments. Come and worship with us.

Trinity Episcopal church—J. F. Langton, rector. H. M. Andre, Senior Warden; Prof. J. G. Ames, Junior Warden. Twenty-fifth Sunday after Trinity. Early service at 7:30. Sunday school at 9:30. Morning prayer and sermon at 10:45. Evening prayer and sermon at 7:30. At this service the rector will preach on the "Liturgy of the Episcopal Church."

The Salvation Army—Sunday school, afternoon, 2:30. Sunday evening 8 p. m. Meeting thru the week: Tuesday evening 8 p. m.; Thursday evening, 8 p. m.; Saturday evening, 8 p. m. All are invited. Come and bring your friends. Lieut. L. E. Hull, officer in charge.

ILLINOIS COLLEGE NOTES
Henry Smith, 21, who is teaching in the high school at Mattoon, Illinois, attended the Illinois college-Eureka football game Friday, and will spend the week end in Jacksonville with friends.

Miss Anne Pessel, who is a member of the faculty of the Belleville, Illinois, high school is visiting her sister, Miss Margaret Pessel at Academy hall.

The Illinois college band is one of the most successful organizations on the Hill this year. During the past week they have played for several college affairs, and on Friday evening they furnished a number of selections at the dedication of the Playhouse.

Mrs. E. J. Thomas, of Centralia, Ill., is visiting her daughter, Miss Marie, at Academy hall, for a few days.

Dr. Robert O. Bussey, head of the modern languages department, gave a very interesting and instructive address on The Life and Works of Dante at the chapel exercises Monday morning.

The exercises were held in honor of the six hundredth anniversary of the death of the poet Dante.

Miss Anna Margaret Jones, of Salem, Illinois, is visiting her sister, Miss Helen, at Academy hall. Miss Jones expects to enter Illinois college next fall.

Dean Scott visited the Piper City high school last Thursday. While there he made a brief address to the students.

Great enthusiasm is being manifested in the approaching football game with Millikin which is scheduled to take place next Friday. An effort is being made to charter a special train for the occasion.

Word was recently received of the death of Neil Cameron Hardin of Louisiana. Mr. Hardin was an "member of the class of 1896, with which class were also connected the late Frank L. Bristow, of Covington, Ky., and the late Joseph N. Carter, member of the supreme court of Illinois. Mr. Hardin attained considerable prominence in the state of Missouri, having served in the legislature of that state and as a member of the Constitutional Convention of 1875.

Miss Alice Mathews of Murrayville was a caller in the city yesterday.

Save money by buying your groceries at wholesale prices at M. D. Shanahan's.

C. N. Kinnett of Arnold was a caller in town yesterday.

Jacksonville's First United

BUDGET CAMPAIGN

—for—

\$12,500

November 13--to--November 20

Only One Drive

In Jacksonville this year, to finance the necessary general relief work here for the year 1922. The organizations named do a wonderful and much needed work among the poor and sick of our city. Would you have this work neglected, with its attendant suffering and misery because of the lack of a few dollars?

The \$12,500

will be divided as follows

Salvation Army	\$2,500
Social Service League	4,000
Anti-Tuberculosis League	1,700
Red Cross	(Memberships)
Near East Relief	2,000

The United Budget Drive

Has the full endorsement of Jacksonville's Chamber of Commerce, and of every civic and welfare society, church, club, lodge, and other organization, in the city. Remember, this United Budget is a combination, a centralization, with efficiency of management as its slogan. It needs no further explanation, or reasons why. All that can be said has been said through the columns of the papers, and by the leaders and the workers in these organizations, many times.

ter, Ill. 10-26-1month

BIG UPWARD SWING IN WHEAT MARKET

By Associated Press.
CHICAGO, Nov. 12.—PERSIST-
ent buying on the part of the
strong commission houses and
shipping interests gave a big up-
ward swing today to the wheat
market.
Prices closed strong, 3 1/2¢ to 4 1/2¢
net higher with December \$1.09
to \$1.094 and May \$1.134 to
\$1.132.
Corn gained 1/2 to 1¢ and oats
1¢ to 1 1/2¢.
Provisions finished unchanged
to 1/2¢ lower.

It was current gossip that the
buying of wheat was to a large ex-
tent due to a combination of
eastern interests acting on the
basis that wheat prices were too
low and that an important ad-
vance was to be expected. Fur-
thermore, advices from all di-
rections told of country selling being
limited with primary receipts
greatly reduced as compared with

Henry, Brogdon & Self Auto & Tractor Repairing Square deal Service Woodson, Illinois

Don't trust this trouble to ordinary mechanics—it requires a thorough knowledge of the car's wiring and the starting, generating, lighting and ignition system to SAFELY and PROPERLY remedy any defect or breakdown.

Our car's system is thoroughly known here—we locate and permanently remedy any trouble with dispatch and least cost.

MEREDOSIA

Mrs. Mollie Turnbaugh left Wednesday morning for Springfield to visit a few days with Mrs. J. R. Bowling.

Mrs. Adam Leonard, Mrs. Clyde McAllister and Mrs. Elsie Moss motored to Bluffs Monday and spent the day with Mrs. Charles Bonnett.

Mrs. Sarah Moore is visiting friends in Springfield.

Mrs. G. W. Holmes was a Quincy visitor Wednesday.

Geo. Turnham and wife went to Versailles Wednesday afternoon.

Mrs. Margarite Brewer is in Griggsville visiting with friends.

Chas. Hinners, wife and daughter and Leonard Sloane of Rushville are visiting the home of the former's parents; Mr. and Mrs. Claus Hinners.

Mrs. William Moss returned home Tuesday from a week's visit in New Salem.

Rev. C. W. Holmes and L. F. Berger went to Quincy Thursday to attend a district stewards meeting.

C. O. Summers drove to Beardstown Tuesday to be at the bedside of his mother, Mrs. Texa Summers, who is seriously sick at the home of her daughter, Mrs. L. H. Negehoff.

See A. M. Eskew for electric housewiring. Ill. phone 50-1461.

H. C. Hudson of the east part of the county traveled to the city yesterday.

Big bargains in groceries at M. D. Shanahan's closing out sale.

Heat by Radiators

has been generally proven the most economical, healthiest, cleanest and safest of all. Each room is kept genial, uniformly warm; cold and drafts are ended. All the ashes, dirt and dust are kept out of the living rooms. If we install it, it will last a life time—as long as the building itself—and will seldom require repairs or overhauling.

Radiator heating by steam, hot water or vapor is a safe, sound investment.

MISSIONARY SOCIETY MEETS AT ASHLAND

Mrs. John Braker is Hostess to Members of Missionary Circle at Recent Meeting—Other Ashland News.

Ashland, Nov. 10.—The Missionary Circle of the Christian church met at the home of Mrs. John Braker Wednesday evening. Miss Lorena Bailey was leader and interesting talks were given by Jessie Parsons, Elizabeth Speers, Grace Bailey, Ruby Wyatt, Edith Yancy and Pearl Drake. After the business session a pleasant social time was enjoyed by all and delightful refreshments were served by the hostess.

Mr. and Mrs. Henry Awalt and son Billy spent Tuesday evening with Mrs. Awalt's aunts, the Misses Stout of Tallula.

Mr. and Mrs. George Bailey and daughter Lorena and Miss Lurena Steinmetz of Springfield motored to Virginia Sunday afternoon.

Miss Mildred Pennington spent the week end with her parents at Industry.

Mrs. Fred Hexter is visiting in St. Louis this week.

Miss Christine Sligh, Harriet Ruth Way and Helen Skiles of Virginia were callers in our town Monday afternoon.

Ethel Shortridge of Jacksonville attended the indoor baseball game here last evening.

The Ashland Woman's club was well represented at the home of Mrs. John Adkins, 1122 West State street, Jacksonville, Tuesday from 11 until 2 o'clock.

Fred Walbaum, William Mau, Raymond Mau and Mike Murray were Virginia callers Wednesday.

The Endeavorers of the Christian church entertained the football boys of Eureka college at a chicken dinner Thursday evening.

Miss Glenna Bailey is visiting at the home of her aunt, Mrs. Ada Shortridge in Jacksonville.

Have left seventy bushels of Red River Ohio potatoes at \$1.25 per bushel. Call at once. Farmers Elevator Co., Murrayville, Ill.

FARM BUREAU NOTES

At the Springfield Conference of Farm Advisers the Crop Committee consisting of Sidney B. Smith, C. E. Hay, G. E. Gentile, J. C. Huleman, Albert C. Wilson and George B. Kendall made the following report:

First: We urge the more general use of legumes. To this end we recommend:

(a) That each farm bureau inaugurate a campaign to have a legume seeded in every acre of small grain.

(b) That we advocate soybeans for planting in every acre of corn and to be grown alone as an emergency leguminous hay crop.

(c) That we urge every farmer to grow sufficient acreage of alfalfa to provide hay for his own farm needs.

Second: We recommend the more general use of mixtures composed very largely of legumes on all tillable land used for pasture, emphasizing particularly the use of sweet clover as the basis of such mixtures.

Third: We urge the use of more inspected seed grain in our country, and seed grain in our country, emphasizing the importance of greater caution in the designation of those individuals who are to produce this certified seed.

Fourth: We urge in the interest of disease control the more general practice of careful culling of seed corn on the basis of physical characters, emphasizing at the same time the importance of value of practically such culling a field selected seed.

Fifth: We recommend the more general use of Champion White Pearl, White Democrat, Black Hawk and other varieties, which have shown superior resistance to the attack of chinch bugs.

Sixth: We recommend that the president of the Illinois Farm Advisers Association appoint a committee immediately to make a study of the possibilities of the commercial utilization of soybeans and that this committee be requested to make a report at the annual meeting of the Farm Advisers Association to be held at Urbana in January.

Seventh: We recommend that wherever possible a weed control campaign be inaugurated to counteract the increasing weed menace. It is suggested in this connection that an arrangement be made with the Vocational schools or with High schools where agriculture is taught for the collecting and mounting of representative weeds of the county.

SCOTT COUNTY FARMERS CONVENE IN BLUFFS

Farmers Institute Opens Thursday Afternoon With Large Attendance—Other Bluffs News.

Bluffs, Nov. 11.—The Scott County Farmers' Institute opened Thursday afternoon, Nov. 10th, at 1:30 p. m., with a goodly number in attendance. Musical selections were furnished by Mrs. E. T. Palmer and Miss Vera McCaleb. Invocation by the Rev. W. C. Heldenreich, pastor of the Lutheran church.

Address, "Woman's Suffrage" was ably handled by Mr. H. C. McCarrel who kindly consented to fill the vacancy made by the non-appearance of Mrs. Bertha Harris. Musical numbers were furnished by the Girls Glee Club of the Bluffs community high school.

Address, "Alfalfa and Sweet Clover"—H. C. McCarrel. This address was of interest to the farmers and was helpful to them in many ways. This address concluded the afternoon's program. In the evening music was furnished by Mrs. Corbridge and Miss Fern Crabtree, in location by the Rev. E. J. Rees.

Pearl Rockwood, one of the representatives of the State Fair School of this county gave a very interesting account of some of the things accomplished while attending this school, the only one of its kind in the world. Musical selections by Mrs. E. T. Palmer closed the evening's program.

Miss Louise Kaeser, teacher in the 7th and 8th grades was called to Pittsfield Wednesday by the death of her seventeen year old brother who died at a hospital in Quincy Wednesday noon where he was operated upon for relief from appendicitis.

Joe T. Montgomery of Winchester was a caller in town Tuesday.

School closed Friday to observe Armistice Day.

Ford
THE UNIVERSAL CAR

Sedan \$660

F. O. H. Detroit
With Starter and demountable Rims

Genuine Common Sense

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.
